FOR OUTDOOR USE ONLY!

Structure Diagram

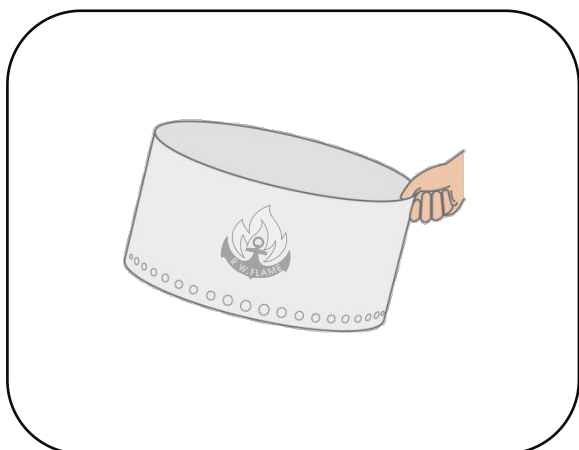

Structure and Parts

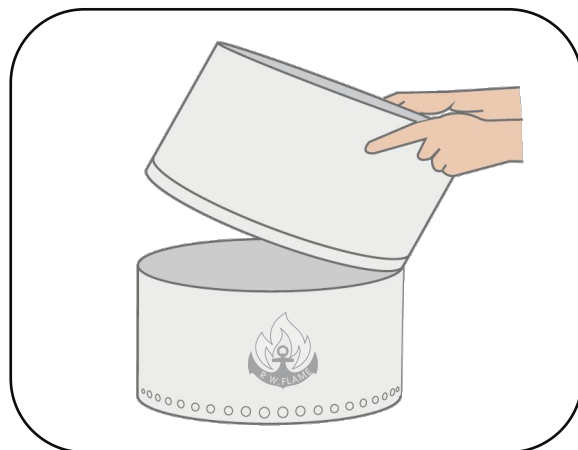

THE FIRE PIT CONSISTS OF 5 PARTS AS BELOW:

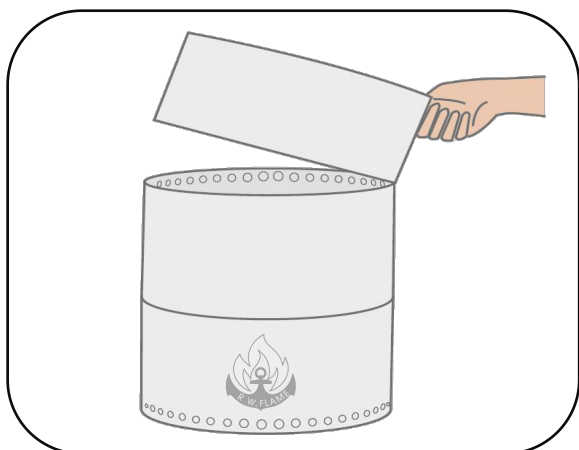

How to Use the Fire Pit

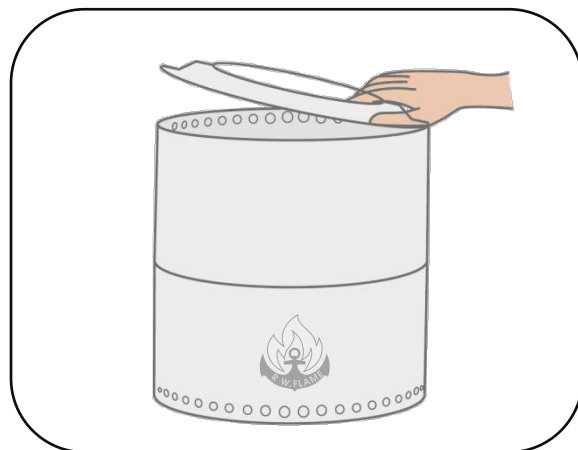

1. Position the base on an open field far away from flammable items.

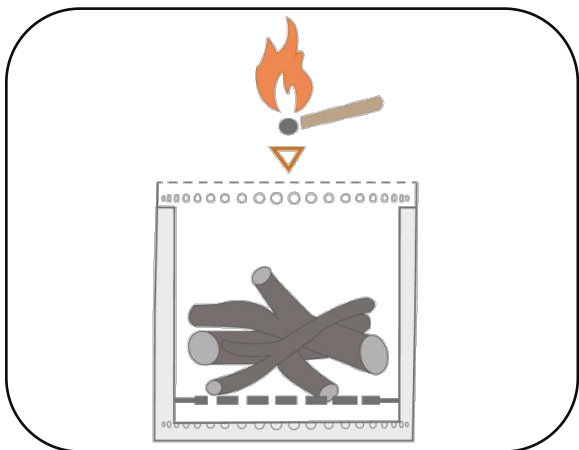

2. Insert the fire pit body into the base.

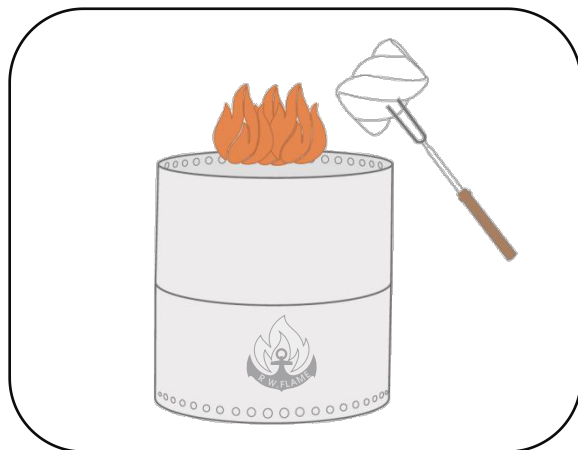

3. Place the coal tray pit inside the fire pit.

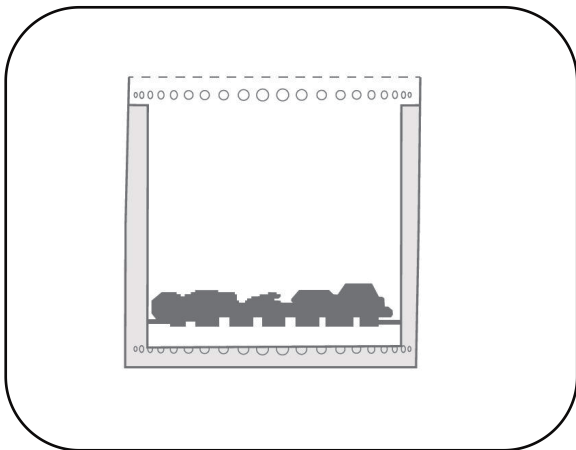

4. Place the fire pit top ring.

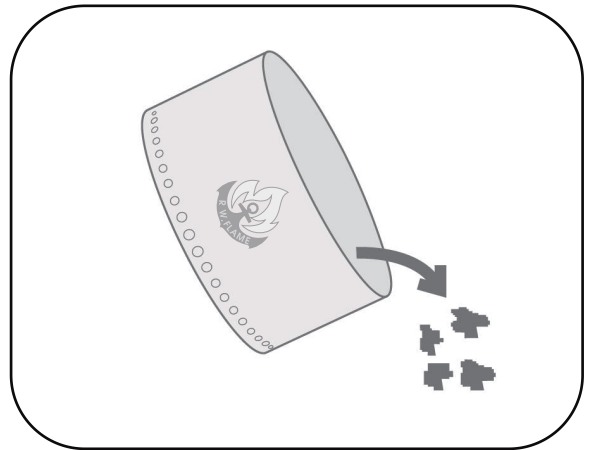

5. Put the wood into the fire pit, and light a fire.

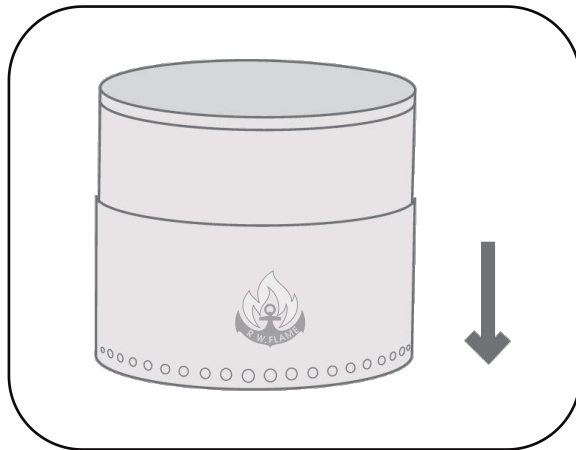

6. Enjoy the warmth of the fire.

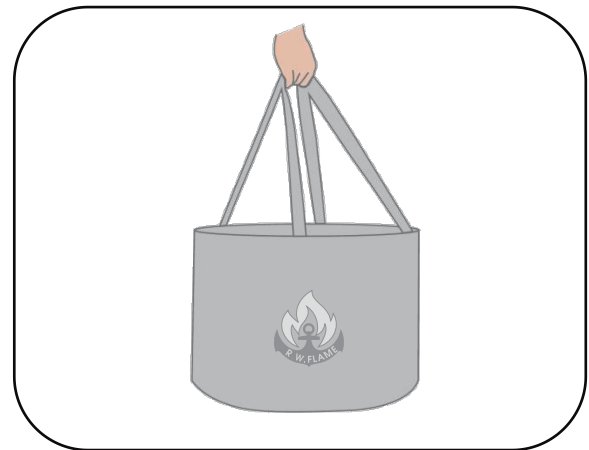

7. Wait for the fire pit to cool down completely.

8. Lift the base to pour out the ash.

9. Clean & pack.

10. Take it with you.

Warning:

This is not a toy. Keep children at a safe distance when the fire pit is in use. This product will become very hot when in use. Do not touch the body of the fire pit when in use unless use professional leather gloves (not included). Make sure the product is cool to the touch inside and outside before packing it away in the carry bag.

It's completely normal for your fire pit to change color. The color changed after the first use of your Fire Pit is called a patina, which may make your fire pit unique. The gold and blue hues that you see are the result of the high heat from the fire.

Cleaning

- 1.Wait until your fire pit and the coals are cooled off completely.
- 2.Remove the fire pit ring and fire pit body.
- 3.Take out the coal tray and discard of any cooled-off coals and pieces of wood(if any). Note: Rather pour some water over the pieces of wood and coals to make 100% sure it will not light up again.
- 4.Discard of any ashes that are left in your fire pit base. NB: Pour some water over the ashes to make 100% sure it will not light up again.

Packing

- 1.Make sure the fire pit is completely cooled off and coals/wood are discarded responsibly.
- 2.Fit coal tray into the fire pit base
- 3.Flip fire pit body upside down and put it inside the fire pit base.
- 4.Put the top ring on top.
- 5.Open up the drawstring carry bag on the ground and put the fire pit inside.

Maintenance

1. Do not place the fire pit in a damp area or where it can be exposed to rain.
2. After each use of this fire pit, please clean away any remaining dust and ensure that the fire pit remains dry.
3. Never use any detergent to clean the fire pit.
