GoodHands[™]

1 Gallon
(3.785 L)

Drug Facts

Active ingredient *Purpose*
Isopropyl Alcohol 70% v/v Antiseptic

Uses

Hand sanitizer to help reduce bacteria that potentially can cause disease. For use when soap and water are not available.

Warnings

For external use only.
Flammable. Keep away from heat or flame.

Do not use

- in children less than 2 months of age
- on open skin wounds

When using this product keep out of eyes, ears, and mouth. In case of contact with eyes, rinse eyes thoroughly with water.

Stop use and ask a doctor if irritation or rash occurs. These may be signs of a serious condition.

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center right away.

Directions

- Place enough product on hands to cover all surfaces. Rub hands together until dry.
- Supervise children under 6 years of age when using this product to avoid swallowing.

Other Information

- Store between 15–30C (59–86F)
- Avoid freezing and excessive heat above 40C (104F)

Inactive ingredients

deionized water, polyethylene glycol, AMP-acrylates vinyl isodecanoate crosspolymer, glycerin

We're GoodHands™

A middle America-born company created to support the needs of those affected by the global health crisis of 2020.

We saw small businesses suffer as well as friends and family lose jobs. So we decided to launch a brand to first help employ our local community, then we set out to spread health and positivity amidst this crisis. Because we believe creating a healthier world starts with caring about the well-being of others.

We're in this together. Hands in, everybody. This small business is made with, and run by, GoodHands.
