

Frequent Asked Questions

Q1: Will this fit an 80-inch opening?

- YES! This 24x78 bifold closet door is designed for a 24" wide x 80" high finished opening; actual door panel 24"x78" dimensions are shorter than the opening to allow 1" clearance from the top track and 1" clearance from the floor for smooth sliding

Q2: Is it easy to install?

- It depends on your DIY experience, knowledge and skills. If you're an experienced DIYer or a pro contractor, it usually takes 60-90 min to finish the installation job by following step-by-step guidance in the instruction manual (delivered alongside with the door kit). The door comes with (2) pre-assembled folding panels with pre-drilled holes, making the installation process rather simple and easy.
