

VanZyverden's
SPRING TIME FAVORITE'S COTTAGE GARDEN BULB COLLECTION

Flower bulbs are inexpensive and very easy to grow. There are many varieties to pick and choose from and makes it hard for some to know how to begin planning their spring gardens. Even though you can't go wrong by putting garden combinations together yourself through some trial-and-error, we can help you get started with our Do-It-For-Me-Collections. The Do-It-For-Me-Collections are foolproof and complimentary in color, bloom time, and plant height with a specific solution for your garden.

Gardening made easy blend

Picture perfect pairing of varieties

*Garden is complimentary in color;
bloom time and plant height*

About This Variety: Our iconic Cottage Garden consists of: Hyacinth Pink Pearl, Narcissus Tete-à-Tete, Crocus Pickwick, Crocus Flower Record, Muscari Album, Scilla Siberica, Chionodoxa Pink Giant and Chionodoxa Alba. Bulbs come shipped pre-blended in one pack.

Growing Instructions: To ensure optimal results: allow adequate space and sunlight, plant at the appropriate depth, feed with a well balanced fertilizer, remove spent flowers after leaves turn yellow. Best planted in late fall. In some areas, gardeners treat flower bulbs as annuals. For an informal look, plant in groups in natural swathes or bouquets.

Care Tip: In USDA zones 8-10, refrigerate the bulbs for no less than eight weeks. In the garden, plant them before frost but not as early as in the northern part of the country. Planting them in a lightly shaded area will keep them cool and prolong blooming.

Exposure: Full sun to partial shade

Height: Grows 5-12" tall

Spacing: Plant 4-8" apart, 3-6" deep

USDA Zones: Hardy in USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
