

Proven Performance For More FREE TV Channels

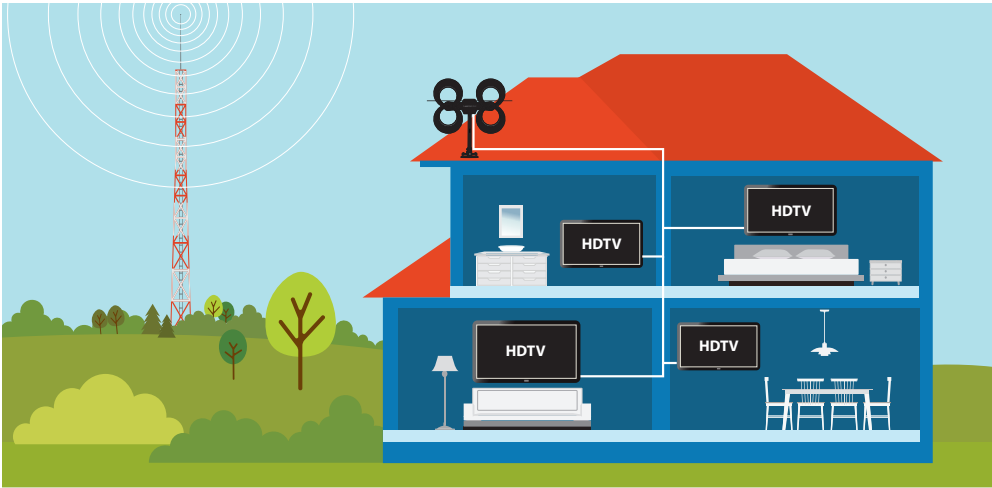

The **ClearStream 4MAX** provides crystal-clear, high-definition signals right out of the box! With virtually no assembly, this multi-directional, UHF/VHF antenna is designed with industry-leading technology that provides crystal-clear broadcast TV with the best picture and sound available, so that movies, sports, and events come to life in your home.

Whether you're in an urban area or you need long-range TV reception, you'll be able to watch local TV networks that are only available when using the **ClearStream 4MAX** antenna.

Performance. Power. Freedom.

For long-range reception indoors and outdoors, complete your TV-viewing experience with a **ClearStream 4MAX** HDTV antenna. Designed and engineered with a unique element array that provides powerful, long-range reception and reliable HD picture and sound for your enjoyment.

CLEARSTREAM 4MAX™
WITH MOUNT

Whole-Home Ready

The **ClearStream 4MAX** antenna provides over-the-air signals to multiple TVs in your home. There are many advantages to installing your TV antenna outdoors or in the attic. Installing the antenna as high up as possible will result in fewer obstructions and less interference (noise) from electronic devices in your living area. If you have cable or satellite service, use the existing coaxial cable running throughout your home to distribute the TV signals to all your TVs.

The **ClearStream 4MAX** includes a 20" mast with pivoting base for vertical and horizontal surfaces, all-weather mounting hardware, and an adjustable mast clamp for an easy installation.

Use the FREE Antenna Point App to Take the Guesswork out of Installation

Find the Broadcast Towers and the Number of TV Channels Available

Antenna Point allows you to view the broadcast towers and the number of local TV channels available in your area. Use the app to help you aim your antenna in the right direction to receive the most channels. It will identify your location and provide the TV coverage area within a 70-mile radius.

Lifetime Warranty and Customer Support
