Tongue & Groove Slat Fencing

- Ideal for solid privacy fencing, OUTDECO's WPC Tongue & Groove (T&G) Fence Slats fit together easily and securely.
- T&G Fence Slats are engineered to install on OUTDECO's Galvanized Steel Post & Frame System*.
- Horizontal Slat Fence Kits* attach directly to Posts*, and Fence Slats slide easily into the Kit Channels for a quick, seamless installation.
- T&G Toppers* add a flat-edged finishing touch to fence tops. Order one Topper (*SLTOP6E*) per section of fence.
- **6-Foot Fencing:** use 72" Horizontal Slat Fence Kits* (*ODSL6*) and 75" Surface-Mount Posts* (*ODP75*)
- **4-Foot Fencing:** use two 24" Horizontal Slat Fence Kits* (*ODSL2*) and 52" Surface-Mount Posts* (*ODP55*)

*Sold separately.

Post & Frame Installation System

Illustrations not to scale.

Post & Frame Installation System

How It Works

Basic Installation Steps

**5½" WPC T&G Fence Slats
installed with 72" Horizontal
Fence Kits* on 75" Posts***

- 1.** Bolt down 1st Post.
- 2.** Loosely screw Slat Channels into pre-drilled Posts. Adjust Channels to Slat thickness and tighten screws.
- 3.** Slide first Slat into channels. Secure with Slat Locking Screws. Continue adding Slats into Channels.
- 4.** Add Topper Slat* and secure with screws and brace strap. *See detailed instructions included.*

**Sold separately. All hardware is included with Slat Fence Kits and Posts.*

Illustrations not to scale.

Channel Adjustment

Channel sets adjust to fit Slats ½" to 1" thick.

**12 – 5½" T&G Slats
+ 1 Topper Slat***

Post & Frame Installation System

4-Foot Fence Configuration Examples

8 – 5½" T&G Slats + 1 T&G Topper*
2 – 24" Horizontal Fence Kits on 2 – 52" Posts.

16 – 5½" T&G Slats + 2 T&G Toppers*
4 – 24" Horizontal Fence Kits on 3 – 52" Posts.

7 – 5½" T&G Slats + 1 T&G Topper*
+ 1 – 3½" Slats* + 2 Spacers**
2 – 24" Horizontal Fence Kits on 2 – 52" Posts.

24 – 5½" T&G Slats + 2 T&G Toppers*
4 – 24" Horizontal Fence Kits on 3 – 52" Posts.

* Topper (SLTOP6E), 72" Horizontal Fence Kit (ODSL6), 75" Posts (ODP75) all sold separately.

** Spacers and hardware are included with Slat Fence Kits and Posts.

Illustrations not to scale.

Post & Frame Installation System

How It Works

Basic Installation Steps

**5½" WPC Fence Slats installed
with 24" Horizontal Fence Kits*
on 52" Posts***

- 1.** Bolt down 1st Post*.
- 2.** Loosely screw **lower** Slat Channels* into pre-drilled Posts. Adjust Channels to Slat thickness and tighten screws.
- 3.** Slide first Slat into Channels. Secure with Slat Locking Screws. Add 3 more Slats.
- 4.** Attach **upper** Slat Channels to Posts as in Step 2. Add 4 Slats.
- 5.** Add Topper* Slat and secure with screws and brace strap. *See detailed instructions included.*

**Sold separately. All hardware is included with Slat Fence Kits and Posts.
Illustrations not to scale.*

Channel Adjustment

Channel sets adjust to fit Slats ½" to 1" thick.

**8 T&G Slats* +
