

STAINMASTER[®] BRAND

SHEET VINYL

A DURABLE, EASY FLOOR COVERING

STAINMASTER[®] sheet vinyl is just easy. Easy to choose, easy to install and easy to maintain. It's waterproof so it's perfect for moisture prone areas like kitchens, baths, laundry rooms and mud rooms. Plus, STAINMASTER[®] sheet vinyl has antimicrobial properties built in to inhibit the growth of bacteria that may affect your floor. Pet owners will like the fact that it has a tough surface coating that resists scratches and stains — even pet urine.

The 100- and 125- gauge vinyl is comfortable underfoot and dent and noise resistant. So, these floors make a great alternative to other hard surface floors. Plus you can install sheet vinyl in most rooms in just a weekend — making this floor perfect for most DIY projects.

Only At

LOWE'S

REASONS TO CHOOSE STAINMASTER[®]

STAINMASTER[®]
BRAND

EASY LIVING WITH DURABLE SHEET VINYL

With superior durability, pet protection and excellent warranties, this floor is perfect for the busiest households and most active pets.

EASY DIY INSTALLATION

- 12-ft width cut to length – less cutting, fewer seams
- Loose lay or glue down application
- No special tools required

COMPLETE YOUR PROJECT

Use Mohawk recommended adhesives and seam bonds/sealers when installing vinyl flooring, including:

- FLEX-TECH Pressure Sensitive Adhesive and IVC FLEX-SEAM Premium Seam Bond, or Infuze Permanent Seam Sealer

Approved secondary alternatives include:

- Henry 695 Vinyl Adhesive, Henry 647 Plum Pro, and Mapei Ultrabond ECO 711
