Assembly Steps

This Chair has multiple parts and may require up to some 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions here below to familiarise the parts and steps before assembly.

Step 1

Open the carton and place all the parts onto a clean, non-marring surface.
Attach Chair Back(A) to Chair Seat(B) using Bolt(②) and Washer(③) with Allen Key(①) as shown above.

Only loosely tighten Bolts.

ATTENTION: There may be some PE wicker that may have covered the Mounting Points. To ease assembly, guide and slide the PE wicker away from these Mounting Points.

DO NOT CUT AWAY ANY PE WICKER as this would cause the wicker to unravel!

Step 2

Attach Side Plate(C) between the Chair Back(A) and Chair Seat(B) using Bolt(②) and Washer(③) with Allen Key(①) as shown above.

Only loosely tighten Bolts.

Step 3

Place the Chair as shown in the picture above.

Attach Side Plate(C) between the Chair Back(A) and Chair Seat(B) using Bolt(②) and Washer(③) with Allen Key(①) as shown above.

Only loosely tighten Bolts.

Step 4

Attach the Feet(D) to the Chair using Bolt(②) with Allen Key(①) as shown above.

Only loosely tighten Bolts.

Step 5

Turn the Chair right side up.
Place the Chair on a LEVEL SURFACE.
Inspect it and make sure all parts are adequately connected.
Gently and gracefully, sit into the Chair.
This would help to align all the parts at all the joint areas.
Then get off the Chair, and in a sequential manner, proceed to tighten all bolts.

When tightening the Bolts, tighten sequentially.
DO NOT tighten any Bolt fully and then move on to the next one.
This may cause the frame to warp.
If there is still wobbles, loosen the bolts and execute this same process.
If the Chair is not stable it could lead to damage to the product.

Note: This step is done better with the assistance of a second adult.

Step 6

Place the Back Cushion(F) and Seat Cushion(E) onto the Chair.
Your Chair is ready for use.
Caution: This Chair can only be used on a flat, level surface.

Additional Hardware:

In the event that you should purchase more than one piece of this Sofa, the Connector Clips(④) can be used to link up the Sofas to achieve a Sectional Sofa. Simply place the Sofas together and firmly push the Connector Clips (④) down until it locks into place.
