

FAQS — PRIVACY SCREENS

What's included in the Mixed Material Frame Kit and Flange-Mounted Post Kit?

The Mixed Material Frame Kit comes in a 4' x 6' size and accommodates various infill options, including materials that are 1/4", 5/8", and 7/8" thick. The kit includes all adapters, spacers, and dividers that you need for installation. These components make it easy to set up your Deckorators Privacy Screen System, ensuring a hassle-free installation process.

What infill options are available for the Deckorators Privacy Screen System?

The Deckorators Privacy Screen System offers a variety of infill options to suit your style. You can choose from panels in four on-trend styles: Palm, Wicker, Pier, and Wildwood. Additionally, there are three colors of double-sided slats available in Dark Slate, Brown, and Gray. The system is also compatible with all Deckorators decking, giving you a wide range of choices to create a truly unique backyard style.
