Installation Guide

System Requirements:

Apple IOS 8 or higher
Android TM 4.1 or higher
2.4 GHz Wi-Fi Channel
No Hub Required

Connecting your Bulb

Step 1:

Download the Simply Conserve app from the **App Store™** or the **Google Play™** store.

Step 2:

Follow instructions to register a new account.

Step 3:

Install and power on bulb.

Step 4:

Tap “Add Device” in the Simply Conserve app.

Step 5:

Turn the bulb on and off 3 times to set it into “rapid blinking mode.” If the bulb is not blinking rapidly, follow the apps instructions via the “Help” link.

Step 6:

Once the bulb is blinking, tap “Confirm light blinks rapidly.”

Step 7:

Enter your Wi-Fi network and password to connect bulb.

Step 8:

Bulb will begin to pair with the Simply Conserve app.

Step 9:

After successful pairing, rename your bulb.

Step 10:

Control your bulb with the Simply Conserve app.

Illuminate a World of Possibilities

Change the brightness and color of your bulbs based on your daily activity. Bring them to life by naming, grouping and sharing your smart bulbs. With the touch of a finger or the ease of voice control, you can monitor and adjust your lights from anywhere.

Voice Control

Pair your smart bulb with **Amazon Alexa** or **Google Assistant** for voice control.

Caution

Suitable for use in damp locations. This device is not intended for use with emergency fixtures or emergency lights. This lamp should not be used with dimmers. 2.4 GHz Wi-Fi Channel is required for setup. When installing, make sure that power is switched off before connecting or disconnecting the lamp.
