FALLING OBJECTS

can cause serious
damage to property, injury
or death.

USE EXTREME CARE
when stacking items in the
overhead storage rack.

SAFETY INSTRUCTIONS

Load the overhead storage unit evenly. Do Not stack items that are not adequately supported. Place heavy objects nearest the verticle posts and light objects nearest the center. Do Not Exceed the maximum weight capacity of the storage unit. Place this label on the most visible portion of the overhead storage unit after installation. DO NOT remove, cover or paint over this label.
