

The manufacturer warrants that PerimeterSeal® will conform to the published product specifications and is free from defects in manufacturing, materials, and workmanship for a period of 1 year (*the "Limited Warranty Period"*). PerimeterSeal is subject to manufacturing tolerances. All installations must be conducted in strict accordance with the provided PerimeterSeal installation instructions, as well as the installation instructions provided by the flooring manufacturer, which include acceptable subfloor types, flatness, moisture/temperature, expansion requirements, and limitations. This warranty is null and void if the product has been punctured, penetrated, ripped, or torn during or before installation. Flooring product shrinkage and expansion cannot be controlled by the manufacturer, and should shrinkage or expansion occur to the flooring, the manufacturer is not responsible.

This warranty covers manufacturing defects in material and/or composition during the stated warranty period. If a manufacturing defect is found, the manufacturer will repair or replace the product, at its option. Responsibility under this warranty applies only to hidden defects not visible before or during the installation of the product. If the product was professionally installed, the manufacturer will cover reasonable labor costs. The manufacturer can never be held liable and is not responsible for any incidental or consequential damages.
