Assembly

If you have any issue with our products, such as missing parts, please email: support@patio-outdoor.com

Step1

Open the carton and place all the parts onto a clean, non-marring surface.

Put the Table top(B) and Legs(A) on the position, then use Allen wrench(②) to secure Bolt(①), in order to connect Table top and Legs.

Step2

Stand the Table.

Place the Table on a LEVEL SURFACE.

Inspect it and make sure all parts are adequately connected.

Gently and carefully sit onto the Table.

This will help to align all parts at all joints. Then get off the Table, and in a sequential manner, proceed to tighten all Bolts. When tightening the Bolts, tighten sequentially.

DO NOT tighten any Bolt fully and then move on to the next one.

This may cause the frame to warp.

If there are still wobbles, loosen the Bolts and execute this same process.

Note: This step is done best with the assistance of a second adult.

Your Table is ready for use.

This Table can only be used on a flat, level surface.
