

Product Care:

Each product may have different cleaning recommendations based on the materials used to manufacture the item. To check a specific product, consult the technical data sheet located on our website at www.PonteGiulio.com for specific instructions.

Basic Cleaning Instructions:

1. Wipe product using a soft, moist cloth soaked in liquid soap and warm water.
2. Non-abrasive cleaners like 409 or Fantastic diluted with water may be used.
3. Do not use abrasive or grainy cleaners, abrasive detergents, strong acids or chlorine bleach since they will not improve the cleaning of the equipment and may lead to finish, color or product deterioration.
4. Rinse with clean water.
5. Dry with a clean, soft cloth
6. Cleaning can be done as often as necessary. Items used daily may be wiped down after use.

Our VINYL coated products have anti-microbial protection embedded in the vinyl and they will wipe clean with just warm water or non-abrasive cleaner that has been diluted in water.
