# ASSEMBLY INSTRUCTIONS

#### **TOOLS REQUIRED**

#### Allen Wrench

(Included)

#### Philips Screwdriver

(Not Included)

2 - Persons Recommended

### **ASSEMBLY RATING**

EASY → DIFFICULT

The Assembly Rating is a 5-point system showing the level of effort needed to assemble a specific product.

VERSION #19-07-20

Are you missing anything?	Check out our Quick Tips!
Double-check all parts, hardware and accessories listed on Page 6 are accounted for.	We recommend reviewing the pre-assembly handouts. Even experts need a refresher now and then!
Should we send any replacements?  Are there any irregularities or flaws in the parts? We can send replacements!	Prep Time!  Please review the assembly instructions and all diagrams prior to assembling. Arrange parts as recommended on Page 7 and group identical hardware together to make assembling easier.

## PRE ASSEMBLY INTRODUCTION

We understand building ready-to-assemble furniture can be a challenging experience for some. To help avoid confusion, we have provided some helpful tips that may speed up the process.

#### **Teamwork**

ALWAYS have at least two people to help with transporting and assembling the product to avoid potential injury and/or damage.

#### **Suitable Location**

Assembling near the area of the intended location is highly recommended.

#### **Sufficient Space**

Make sure you have enough space to move around during the assembly.

#### **Avoid Scratches**

Use cardboard, blankets or a carpeted area while assembling furniture to prevent scratches.

#### **Flat Surface**

Make sure the furniture rests on a flat and level surface with each leg evenly touching the floor.

## ASSEMBLY AND CARE ADVICE

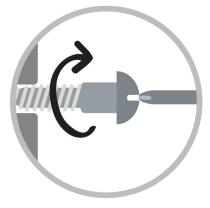

FAILURE TO FOLLOW THE GUIDELINES BELOW MAY RESULT IN INJURY AND/OR PROPERTY DAMAGE.

Position each part correctly and insert screws or bolts into their respective holes.

Use the appropriate hand tools or power tools for assembly. Select steps, such as tightening screws and/or bolts, may require hand tools to avoid causing damage during assembly.

Turn clockwise to tighten and only tighten when step is completed or when instructed to do so.

Save the instructions and store any supplied tools for later maintenance.

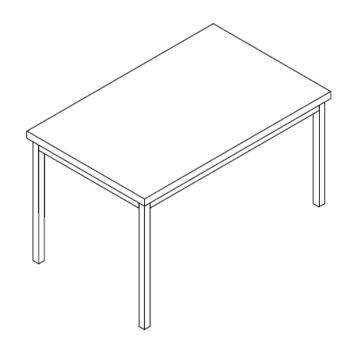

After two weeks, check and tighten any loose hardware and repeat again every six months thereafter.

IT IS THE USER'S RESPONSIBILITY TO MAINTAIN THE FURNITURE. THE HARDWARE MAY LOOSEN OVER TIME AND MAY CAUSE THE FURNITURE TO BE WOBBLY AND UNABLE TO SUPPORT ITS INTENDED WEIGHT CAPACITY. THIS MAY LEAD TO COLLAPSE AND MAY CAUSE SERIOUS INJURY.

## **TABLE**

- Please keep instructions for future reference.
- Check the quantity and irregularity of parts and hardware before you start.

#### **PARTS**

Leg Stand

Leg Stand Support

1pc

Table Top

2pcs

**Apron** 

#### **HARDWARE**

20pcs

Bolt 1/4"x5/8"

10pcs

Screw

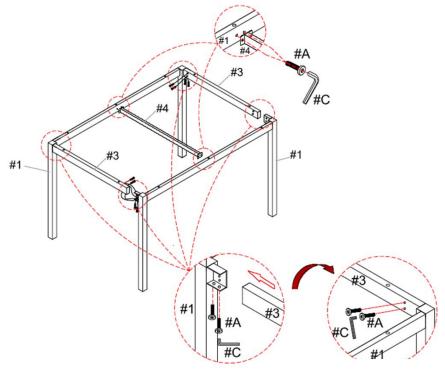

1pc

Allen Wrench

### ASSEMBLY INSTRUCTIONS

Part # x 2pcs
Part # x 2pcs
Part # x1pc
Hardware # x 20pcs

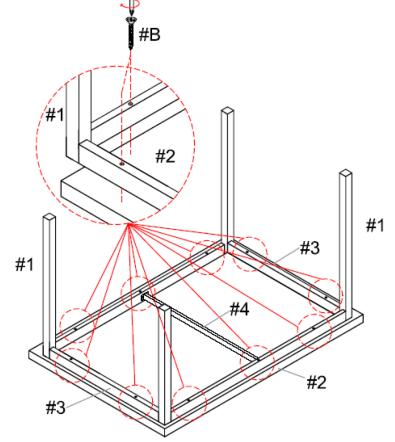

- I. Align the 2 aprons (#3) with the brackets of the leg stand (#1).
- II. For each bracket of the leg stand (#1), insert 2 bolts (#A) through the bottom of the bracket and 2 bolts (#A) through the side of the bracket using the Allen wrench (#C) to secure them wit h the apron (#3).
- III. Align one end of the leg stand support (#4) with the pre-drilled holes on the center of the same leg stand (#1).
- IV. Insert 2 bolts (#A) through the bracket of the leg stand support (#4) using the Allen wrench (#C) to secure them with the leg stand (#1).
- V. Repeat the process above to assemble the other leg stand (#1) onto the other ends of the 2 aprons (#3) and the leg stand support (#4).

2

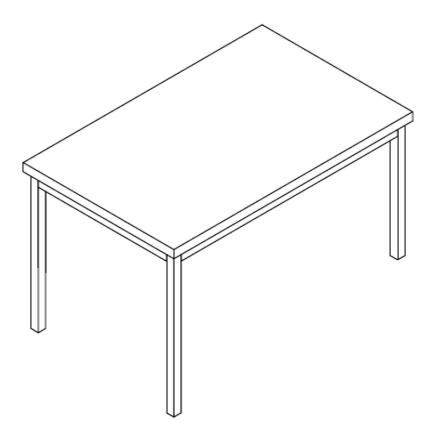

Part #2 x1pc Hardware #B x 10pcs

- I. With the help of another person, carefully place the table top (#2) facing down on a protected surface.
- II. Align the assembled leg stands (#1) to the table top (#2).(table top has no pre-drilled holes)
- III Secure 6 screws (#B) through the 2 leg stands (#1) and 4 screws (#B) through the 2 aprons (#3) using a Phillips screwdriver to secure them with the table top (#2).
- IV. Carefully place the completed table upright. Make sure the table is rested on a flat surface and does not feel loose or wobbly. If it does, double check that the bolts/screws are secured and properly tightened.

## **ASSEMBLY INSTRUCTIONS**

3

## ASSEMBLY COMPLETED

humiture rests on an even and flat surface. If the product wobbles or feels loose, double-check all bolts and/or screws are properly tightened and secured.
