1/4 in. Vinyl Coupler

Acoples de vinilo de 1/4 de pulgada

These Couplers can be used to connect 1/4 in. Vinyl or In-Line Drip Tubing to 1/2 in. Poly. They can also be used in the repair of damaged 1/4 in. lines.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de 1/2" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de 1/4" (0.6 cm).

- Ideal for expanding and customizing your system

1

Install the Coupler by pushing the 1/4in. Vinyl onto the barbed ends of the Fitting.

2

Or run 1/4 in. Vinyl from the 1/2 in. Poly by snapping in one side of the Coupler using a Punch Tool.

These 1/4 in. Couplers are useful when creating a Drip or Micro Sprinkler system. They allow you to customize or make repairs to the 1/4 in. Tubing.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
