

## INSTALLATION INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Install the square tube (2) onto the frame (1) and frame (4), securing with ball screw (3) and ball screw (5).
4. Assemble the arm(6) and secure with screw (7).
5. Install the tube (11) together using the nipple (10). Attach the bottom end of tube (11) onto the coupling (9) tightly. Secure the loop (13) onto the top of the tube (11).
6. Refer to the additional installation instructions included with the product for wiring and installation.
7. Restore power to the installation point and retain this sheet for future reference.
