Quartz

A technical line drawing of a rectangular sink unit, viewed from an isometric perspective. The unit features two rectangular basins, one on the left and one on the right. Each basin has a central circular drain. To the right of the left basin, there are three small circular controls arranged in a horizontal row. Similarly, to the right of the right basin, there are three small circular controls arranged in a horizontal row. The entire unit is enclosed within a rectangular frame with a raised edge on the right side.
