

# FIN/TRIM™

## FINISHING TRIM HEAD SCREWS

### PROFESSIONAL FINISH, PROFESSIONAL LOOK

GRK's Fin/Trim™ screws are an excellent choice for most fine carpentry applications, as well as window extension jambs, joining cabinets and more. A combination of the smallest screw head available and code approved structural performance means the most secure, concealed fastening in the industry.

- **Trim Head:** Clean, finished look
- **Star Drive Recess:** Zero stripping, with 6 points of contact
- **W-Cut™:** Low torque, faster drive
- **Zip-Tip™:** Eliminates pre-drilling
- **Climatek™ Indoor/Outdoor Coating:** ICC-ES AC257 code approved for use in treated lumber<sup>1</sup>
- **Code Approved:** For structural applications (see ESR-3201)
- Some sizes also available in 305 and 316 grade Stainless Steel • For interior / exterior use

ESR-3201

AC257 Treated  
Lumber Approved

1. For cedar, redwood and other naturally protected woods, GRK 305 and 316 stainless steel is recommended
