

INSTALLATION INSTRUCTIONS

3-LIGHTS VANITY WALL LIGHT 120V No Dimmable

Please read carefully and save these instructions, as you may need them at a later date.

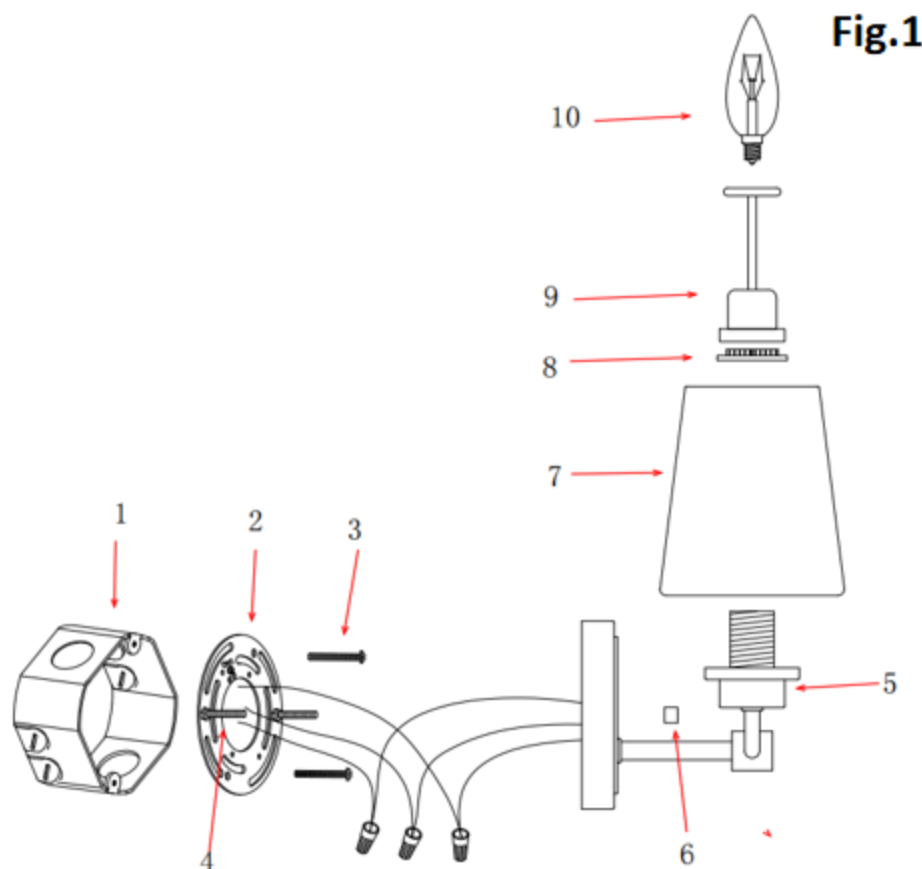

READ AND FOLLOW SAFETY INFORMATION

CAUTION - Turn off the main power at the circuit breaker before installing and servicing the fixture to prevent possible injury from electric shock. All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections, obtain the services of a qualified electrician.

INSTALLATION AND ASSEMBLY

1. Install the Mounting Screws(4) into the mounting bracket(2), as shown in **Fig.1**
2. Pull the power supply wires out from the outlet box (1). Attach the mounting bracket (3) to the outlet box(1) using outlet box screws(2)
3. Connect the electrical wires as shown in **Fig.2**.
4. After wires are connected, tuck them carefully inside the outlet box. Position back plate over the outlet box and mounting screws (4) through two holes of the back plate until they protrude out from the back plate approximately 1/4" and secure using two cap nuts(6).
5. Place glass Shade (7) on the socket and by using Socket Collar Tool (9) threading the Socket Collar (8) onto the Socket. Hand tighten until snug.
6. Install bulb (10)(Max.60W) not included in accordance with the fixture specification
