HYACINTH GIPSY QUEEN

Dutch hyacinths may be the perfect spring flower. They are available in a rainbow of rich colors with unsurpassed fragrance, classic shape and reliability. Small, bell-shaped flowers are packed onto a thick, fragrant spike. A favorite for growing in the spring garden or for forcing indoors during the winter months.

*Delightfully sweet fragrance*

*Force indoors*

*Deer & critter resistant*

*About This Variety:* Hyacinth Gipsy Queen is a stand out for its unusual coral color and striking fragrance. Can also be grown indoors

*Growing Instructions:* Plant outdoors in the fall, before the first frost hardens the soil. Dig a hole to the required depth. Place bulb in hole, pointed side up. Cover with soil and water thoroughly. Mulch in extreme climates. For container planting, bury the bulb three times as deep as the bulb is wide. In zones 6 and below, you will need to protect your bulb containers. Place them near the foundation of the house or other structure. In zones 3-5, place the container in an unheated garage or shed. To force indoors in containers during the winter months, pot large-sized, specially treated hyacinth bulbs in containers. Place in a cool, dark location (such as a closet), making sure the soil remains damp for several weeks to ensure adequate root development. When shoot tips are visible, move to a 50°F environment at first, gradually moving to higher temperature locations as more shoot appears and giving as much light as possible. After forcing, keep in a cool, but sunny location to finish growth.

*Care Tip:* After flowering and when foliage has died, dig and clean bulbs. Store in a dry, well ventilated location. Repeat pre-chilling procedure before planting again.

*Exposure:* Full Sun to Partial Shade

*Blooms:* Early Spring

*Height:* Grows 8-14" tall

*Spacing:* Plant 3-5" apart, 3-5" deep

*USDA Zones:* Hardy in USDA zones 4-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us. 870639
