

Van Zyperden's
HOSTA LADY GUINEVERE

Hostas are not grown for their flowers but for their lush foliage. Available in a spectrum of blues, golds, greens, yellows and whites as well as variegated, speckled and striped. Hostas thrive in the shade, even though they can withstand some sun. Long-lived and low maintenance.

America's favorite shade perennial

Grown for their lush foliage

*Long-lived perennial that grows bigger
and more impressive each season*

About This Variety: Lady Guinevere is unique due to its cupped foliage and large spread. Produces yellow, variegated foliage with lavender flowers in summer.

Growing Instructions: While drought tolerant, they do not like being kept dry for long. Prefer rich, well-drained soil with a consistent supply of moisture.

Care Tip: Basically maintenance free. Clip out dead flower stalks after flowering.

Blooms: June to July

Exposure: Partial to full shade

Height: Grows 12-18" tall

Spacing: Plant 18-36" apart, 1.5-2" deep

USDA Zones: Hardy in USDA zones 3-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
