ProductMagnetize-Revision Date04/30/2020Revision5SDS Number1628

# Safety Data Sheet

#### **SECTION 1: IDENTIFICATION**

| Product Name        | Magnetize-It! Premium Yield   |
|---------------------|---|
| Product Code        | MIPYD-1554  |
| Identifier Uses     | Magnetic paint and coating  |
| Supplier            | Diversified NANO Solutions Corporation<br>13446 Poway Road #202<br>Poway CA 92064 |
| Contact Email       | info@diversifiednano.com  |
| Emergency Telephone | Call CHEMTREC Day or Night 1-800-424-9300 / +1 703-527-3887 CCN819098             |

#### **SECTION 2: HAZARDS IDENTIFICATION**

| Appearance               | Liquid   |
|--------------------------|--|
| Color                    | Black  |
| Odor                     | Weak odor  |
| Pictogram(s)             |  |
| Signal Word              | Warning  |
| Hazard Statements        | H303 May be harmful if swallowed<br>H315 Causes skin irritation.   |
|                          | H317 May cause an allergic skin reaction.  |
|                          | H319 Causes serious eye irritation.  |
|                          | H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.  |
|                          | H335 May cause respiratory irritation.<br>H373 May cause damage to organs (kidney) through prolonged or repeated exposure (i<br>swallowed) |
| Precautionary Statements | Prevention   |
|                          | P102 Keep out of reach of c h i l d r e n .<br>P260 Do not breathe mist/vapors.  |
|                          | P261 Avoid breathing dust/fume/ gas/mist/vapors/spray.   |
|                          | P264 Wash [*] thoroughly after handling.   |
|                          | P270 Do not eat, drink or smoke when using this product.   |
|                          | P281 Use personal protective equipment as required.  |
|                          | P280 Wear protective gloves/ protective clothing/eye   |
|                          | protection/face protection.  |

|                               | Response  |
|-------------------------------|---|
|                               | P301+ P312 IF SWALLOWED: Call a POISON CONTROL or doctor if you feel unwell.  |
|                               | P303 + P361 + P353 IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/ shower.                        |
|                               | P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.   |
|                               | P333 + P313 If skin irritation or rash occurs: Get medical advice/attention.<br>P337 + P313 If eye irritation persists: Get medical advice/attention. |
|                               | P362 Take off contaminated clothing and wash before reuse.  |
|                               | P391 Collect spillage.  |
|                               | Storage   |
|                               | P403 + P235 Store in a well-ventilated place. Keep cool.  |
|                               | P405 Store locked up.   |
|                               | P501 Dispose of contents/container to an approved waste disposal plant.   |
| GHS Classification            |   |
| Physical and Chemical Hazards | Not classified  |
| Human Health                  | Acute Tox. 4 - H303, H373   |
|                               | Skin Irrit.2 - H315, Eye Irrit.2A - H319, Skin. Sens 1 - H317   |
| Environment                   | Not classified  |
| OSHA Regulatory Status        | This product is Hazardous under the OSHA Hazard communication Standard.   |
| Inhalation                    | Prolonged inhalation may result in irritation of the respiratory tract.   |
| Ingestion                     | May cause irritation of digestive tract. May be harmful if swallowed.   |
| Skincontact                   | May stain skin and cause skin irritation. May cause an allergic skin reaction.  |
| Eye contact                   | May cause eye irritation.   |
| Routes of Exposure            | No Information available.   |
| Other Hazards                 | Not applicable.   |

# SECTION 3: Composition/Information on Ingredients

| Name                          | Product Identifier   | GHS Classification | %      |
|-------------------------------|----------------------|--------------------|--------|
| Magnetic Pigment              | CAS-No.: Proprietary |                    | 55-65% |
| Water                         | CAS-No.:7732-18-5    |                    | 15-25% |
| Acrylic resin                 | CAS-No.: 9003-01-4   |                    | 10-20% |
| Triethanolamine               | CAS-No.: 102-71-6    |                    | 1-5%   |
| Glycol ether                  | CAS-No.: 107-98-2    |                    | 0-5%   |
| Proprietary organic compounds | CAS-No.: Proprietary |                    | 0-5%   |

#### **Composition Comments**

### SECTION 4: FIRST AID MEASURES

| Description of first aid measures                           |  |  |
|---|--|--|
| General Information   | General first aid, rest, warmth and fresh air.   |  |
| Inhalation  | Move the exposed person to fresh air at once.  |  |
| Ingestion   | If ingestion of large amount, wash mouth out with water, and seek medical attention immediately.       |  |
| Skin contact  | Wash affected skin with water and soap to remove stain. If irritation persists seek medical attention. |  |
| Eye contact   | Do not rub eyes. Flush eyes with clean, lukewarm water for at least 15 minutes, occasionally           |  |
|   | lifting upper and lower eyelids to remove particles. If irritation persists seek medical               |  |
|   | attention.   |  |
| Most important symptoms and effects, both acute and delayed |  |  |
| General Information   | Irritating to eyes, respiratory systems and skin.  |  |
| Inhalation  | Prolonged inhalation may result in irritation of the respiratory tract.                                |  |
| Ingestion   | May cause irritation of digestive tract. May be harmful if swallowed.                                  |  |
| Skincontact   | May stain skin and cause skin irritation. Sensitization by skin contact.                               |  |
| Eye contact   | May cause eye irritation.  |  |
| Routes of Exposure  | No Information available.  |  |

 Most important symptoms and effects, both acute and delayed

 Notes To The Physician
 Treat Symptomatically.

#### SECTION 5: Firefighting Measures

| Auto Ignition Temperature (°C)<br>Flammability Limit - Lower (%)<br>Flammability Limit - Upper (%)<br>Flash point | No Information available.<br>No Information available.<br>No Information available.<br>>95.0 °C  |
|---|--|
| Extinguishing Media   | Use water spray, dry chemical, carbon dioxide, or chemical foam.   |
| Hazardous combustion products   | No information available.  |
| Unusual Fire & Explosion Hazards  | No unusual fire or explosion hazards noted.  |
| Special Fire Fighting Procedures  | If possible, fight fire from protected position. Ventilate closed spaces before entering them.   |
|   | Containers close to fire should be removed immediately or cooled with water.   |
| Protective equipment for fire- fighters   |  |
|   | As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. |

#### **SECTION 6: Accidental Release Measures**

| Personal Precautions      | Use proper personal protection (refer to Section 8). Exercise appropriate precaution to minimize direct contact with skin or eyes and prevent inhalation. |
|---------------------------|---|
| Environmental Precautions | Avoid discharge into drains, water courses or onto the ground.  |
| Spill Clean Up Methods    | Clean spilled area with absorbent materials, and wash with soap and water. Dispose of spill   |
|                           | residue in accordance with federal, state, and local hazardous waste disposal regulations   |
|                           | (see Section 13. Disposal Considerations). Affected area may remain stained.  |

### SECTION 7: Handling and Storage

| Handling            | Wear gloves while handling, to avoid staining of skin. Avoid inhalation. Avoid contact with eyes, and skin. Avoid ingestion.   |
|---------------------|--|
| Usage Description   | Use only according to directions.  |
| Storage Precautions | Store in tightly closed container, in a cool dry, well ventilated area away from incompatible substances. Incompatible: oxidizing agents, bases, acids, reducing agents and foods. Optimal temperature range for storage is 41°F - 95°F (5°C -35°C). Keep out of reach of children. Keep away from sparks and open flames. |
| Specific End Use(s) | The identified uses are in section 1 of this Safety Data Sheet.  |

#### SECTION 8: Exposure Controls/Personal Protection

#### **Protective Equipment**

**Ingredient Comments** 

OSHA

Process ConditionsKeep container tightly sealed when not in use. Provide eyewash, quick drench.EngineeringMeasuresProvide adequate ventilation, mechanical exhaust required.Respiratory EquipmentGovernment approved respirator.Hand ProtectionWear appropriate protective gloves to prevent skin exposure.Eye ProtectionWear protective goggles to minimize exposure to eyes.Hygiene MeasuresDO NOT SMOKE IN WORK AREA! Wash hands at the end of each work shift and before<br/>eating, smoking and using the toilet. Wash promptly if skin becomes wet or contaminated.<br/>Promptly remove any clothing that becomes contaminated. When using do not eat, drink or<br/>smoke.

### SECTION 9: Physical and Chemical Properties

### Information on Basic Physical and Chemical Properties

| Appearance<br>Color<br>Odor                       | Liquid<br>Black<br>Weak odor                           |  |
|---|--|--|
| Odor Threshold - Lower                            | No Information available.                              |  |
| Odor Threshold - Upper                            | No Information available.                              |  |
| pH-Value, Conc. Solution                          | 8.0-10   |  |
| Melting point                                     | No Information available.                              |  |
| Initial boiling point and boiling ran             | ge   |  |
|   | No Information available.                              |  |
| Flash point                                       | >95.0 °C   |  |
| Evaporation rate                                  | No Information available.                              |  |
| Flammability State                                | No Information available.                              |  |
| Flammability Limit - Lower (%)                    | No Information available.                              |  |
| Flammability Limit - Upper (%)                    | No Information available.                              |  |
| Vapor pressure                                    | Not determined.  |  |
| Vapor Density (air=1)                             | 1  |  |
| Relative density                                  | 2.00-2.50 g/ml   |  |
| <b>Bulk Density</b>                               | No Information available.                              |  |
| Solubility  | Some solubility in water.                              |  |
| <b>Decomposition temperature</b>                  | No Information available.                              |  |
| Partition coefficient; n-octanol/water Not known. |  |  |
| Auto Ignition Temperature (°C)                    | No Information available.                              |  |
|   |  |  |
| Viscosity   | No information available.                              |  |
| Viscosity<br>Explosive Properties                 | No information available.<br>No information available. |  |
|   |  |  |
| Explosive Properties                              | No information available.                              |  |
| Explosive Properties<br>Oxidizing Properties      | No information available.<br>No Information available. |  |

### SECTION 10: Stability and Reactivity

| Reactivity                       | Reactions may occur with strong oxidizers.   |  |
|----------------------------------|--|--|
| Stability                        | Stable at recommended storage conditions.  |  |
| Hazardous Polymerization         | Hazardous polymerization is not expected to occur under normal temperatures and pressures. |  |
| Hazardous Decomposition Products | Carbon monoxide, carbon dioxide, magnesium oxide, silicon oxides, nitrogen oxides (Nox).   |  |
| Conditions to Avoid              | Avoid heat, flames and sparks.   |  |
| Materials to Avoid               | Keep away from strong oxidizing agents, bases, acids, reducing agents and foods.           |  |

# SECTION 11: Toxicological Information

| Toxicological Information   | No Information available.  |
|---|--|
| Acute Toxicity (Oral LD50)<br>Acute Toxicity (Dermal LD50)<br>Acute Toxicity (Inhalation LC50)  | No Information available.<br>No Information available.<br>No Information available.  |
| Skin Corrosion/Irritation   | Irritation to eyes, respiratory systems and skin.  |
| Respiratory Sensitization<br>Skin Sensitization<br>Reproductive Toxicity:<br>Germ Cell Mutagenicity:<br>Genotoxicity - In Vitro<br>Genotoxicity - In Vivo | No Information available.<br>May cause sensitization by skin contact.<br>No Information available.   |
| Carcinogenicity:<br>Carcinogenicity   | No Information available.  |
