

Please go to www.quoizel.com for product cleaning tips. Go to the **Care + Maintenance** selection.

Tools Required: Flathead screwdriver, Phillips screwdriver, pliers, wire cutters, wire strippers, electrical tape, safety glasses.

Bulb Recommended: (4) LED G9 4.5W Bulbs

Estimated Assembly Time: 20-30 minutes

Preparation: Identify and inspect all parts before beginning installation. Check package content list and diagrams below to be sure all parts are present. If any parts are missing or damaged, do not attempt to assemble, install, or operate the fixture. Contact customer service for replacement parts.

Please go to Quoizel.com to see the G9 LED bulb specifications provided with your fixture.

⚠ Warnings and Cautions

Turn off electricity at circuit breaker or main fuse box before installation. Consult a licensed electrician if in doubt.

These instructions are provided for your safety. It is very important you read them completely before installing the fixture. We strongly recommend that a licensed, professional electrician perform the installation.

Disconnect fixture from power source before replacing bulbs. Make sure bulbs are given sufficient time to cool before removal. Do not subject glass parts to any shock while in operation or shattering may result.

Package Contents

STEP 1 – Install Inner Backplate

- Line up a set of holes on the Inner Backplate (A) to the mounting holes on the Outlet Box. With a pencil, point two Marks on the wall surface from Keyholes.
- Remove the Inner Backplate (A). Drill proper holes for Wall Anchors (not supplied) and Outlet Box Screws (not supplied).
- Push the Wall Anchors (not supplied) into the drilled holes on the wall. Place the Inner Backplate (A) over the Outlet Box and secure with (2) Outlet Box Screws (not supplied) and (2) Self-tapping Screws (not supplied).

STEP 2 - Wire Connections

- Use standard wire connectors (not included) to make all wire connections. Twist connectors until wires are tightly joined together. Wrap each connection with approved electrical tape and carefully stuff all the connected wires between Inner Backplate (A) and Fixture Body (D).

(Step 2 Continued)

Figure 2

STEP 3 – Install Fixture Body

- Place the backplate of the Fixture Body (D) onto the Inner Backplate (A) and secure with Lock Screws (B). Hand tighten until snug with screwdrivers.

Figure 3

STEP 4 - Install Shade and Bulb

- Place Shade (F) over Socket and secure with the Socket Collar (E). Hand tighten until snug.
- Install either the G9 Xenon bulb as specified (not provided) or install the G9 LED bulbs (provided) if the fixture purchased is the LED model.

Note: This fixture is rated to use 60W maximum G9 Xenon bulbs. You may use a lower wattage G9 Xenon or if you purchased the LED model it is supplied with G9 LED bulbs.

Your fixture is now assembled and ready to use. Enjoy!
