

Caution

- This product is fragile and should be assembled with care.
- The product is for indoor use only and is not suitable for outdoor or any location with drafts.
- Please follow the below steps and requirements specified in the instruction to ensure safety and reliability during the installation.
- Use caution with children under the age of 8. Children should keep a safe distance to avoid inhaling snow particles and possible suffocation.

Diagram

List of parts

No.	Description	Quantity
1	Transformer	1
2	Fixing screw	1
3	Umbrella-shaped base	1 set
4	Christmas tree	1
5	Top star for the tree	1
6	Decorations	1 set
7	Christmas lamps	1 string
8	Snow flakes	1 bag

Assembly Instructions

1) Installation

- Take out the umbrella-shaped base, unfold it. Connect transformer plug with the socket on the bottom.
- Take out the Christmas tree and insert the tree pipe into the support of umbrella-shaped base, turn the pipe so that both holes are fully aligned, then fasten it with a screw.
- Unfold tree branches and arrange them to your desired shape.
- Take out the top star. Fit it on the pipe of the tree top and insert the plug into the No.1 socket in the base. Note: The top must be set square in the center, to avoid snowflakes flying everywhere.
- Decorate the Christmas tree with the lamp string and insert the plug into the No.2 socket in the base, and coil the string around the tree branches properly.
- Arrange the ornaments on the branches properly to avoid it fall into the container and block the flow of snow flakes.

2) Functionality test

- All the above instructions must be completed.
- Clean off all foreign matter in the umbrella-shaped container, to avoid the blocking the flow of snow flakes.
- Set the switch at OFF and connect the transformer with power source;
- Put a small amount of snow flakes at the bottom of the snow container, and turn on the switch, to observe if flakes spout out from the top of the tree. Check normal functioning of music and lamps. If there are any issues, check the wiring again.

3) Pour in the flakes

- Turn off the switch.
- Pour the snow flakes into the umbrella-shaped container and let it distribute evenly in it.

4) Completion of assembling

- Turn on the switch; you should see snowflakes spouting from the top of the tree, the top star lighting, the lamps flashing and music starting. Now all assembling has been completed.

5) Adjust and enjoy

- Adjust the wind switch to get appropriate wind for best snow flying effect, and also avoid flakes flying out of the container.
- Music can be controlled by the switch on the bottom and can be turned off when not needed.
