

African Mask/ Elephant Ear

Sunlight

Medium to indirect light. No direct sunlight.

Water

Let top 1" of soil dry out between waterings. Do not let plant sit in water.

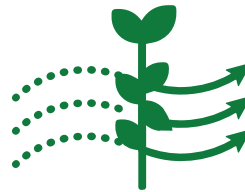

Pet Friendly

Can be toxic if ingested.

Mature Size

Height: 18 - 24"
Width: 12 - 24"

Air Purification

Good – removes multiple airborne toxins

Plant Hardiness

Outdoor: Zones 10-12
Indoor: ANY ZONE

Indoor Care Tips

Use an African Violet mix or soil with sand and perlite mixed in. Use a well draining soil mix.

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 45° F

Expert Advice

- Humidity is helpful
- Relatively pest resistant - but watch for mealy bugs or spider mites
- Prefers bottled water or rain water
