Template:	Drop-in, 1233384-7, not required, included

Notes

Measure your actual product for rough-in details.

Install this product according to the installation instructions.

The hot water supply should be 70% of the capacity of the bath or greater. Installations will vary.

Kit is required for under-mount installations (sold separately).

If installing a rim-mount faucet, make sure there is no interference above or below the deck before drilling any holes.
