

DEWALT

MORE POWER ON THE GO

2700W PORTABLE INVERTER GENERATOR

The DEWALT 2700W Dual Fuel portable inverter generator is designed with the professional in mind. The generator is powered by a DEWALT 98cc OHV engine with Economy Mode and low oil shutdown which protects the engine from damage. Onboard CO-Protect Technology automatically shuts down the generator if CO levels become unsafe or rapidly increase. This generator is equipped with covered outlets to protect from elements and features a compact and lightweight design with an integrated handle that makes transportation easy on the jobsite.
