RECLINE & FOOTREST OPERATING

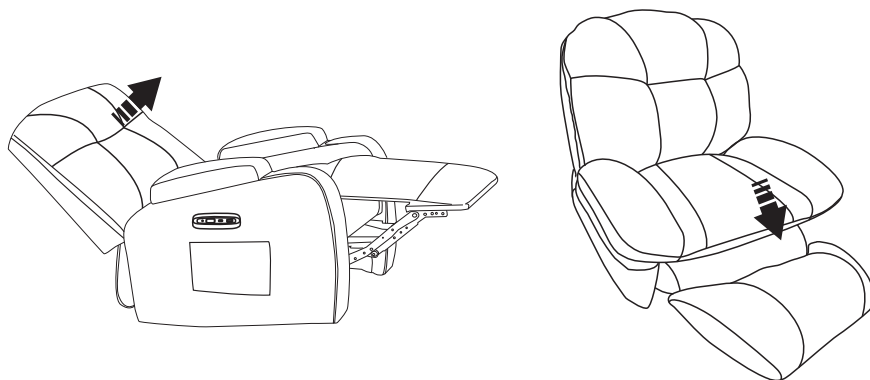

A. How To Recline

Pull the handle to lift the footrest separately.
And then put some pressure onto the backrest to recline back.

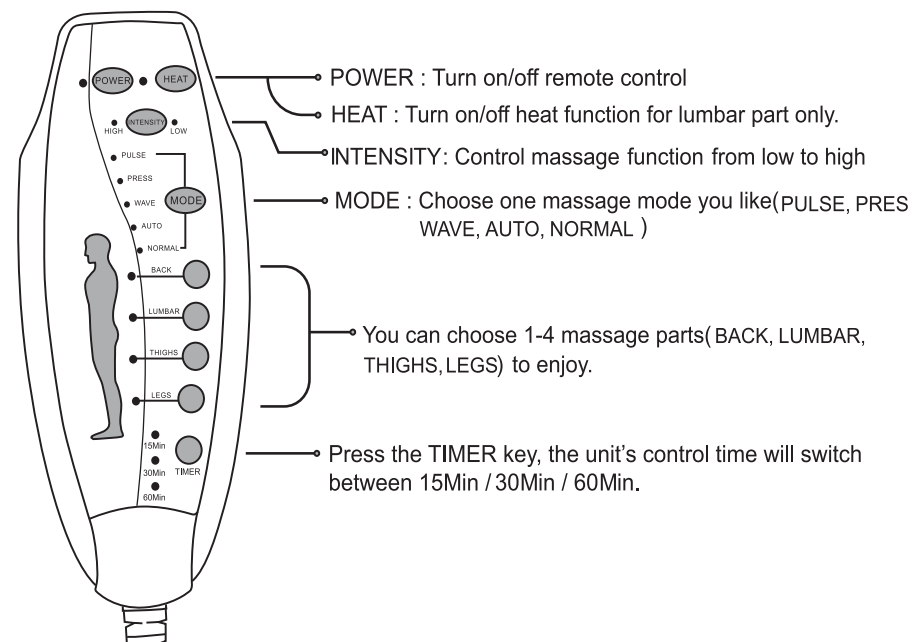

B. How To get Footrest Pushed Down

The backrest will return to the upright position by moving forward. Accompany the footrest to the initial position by putting pressure with your legs.

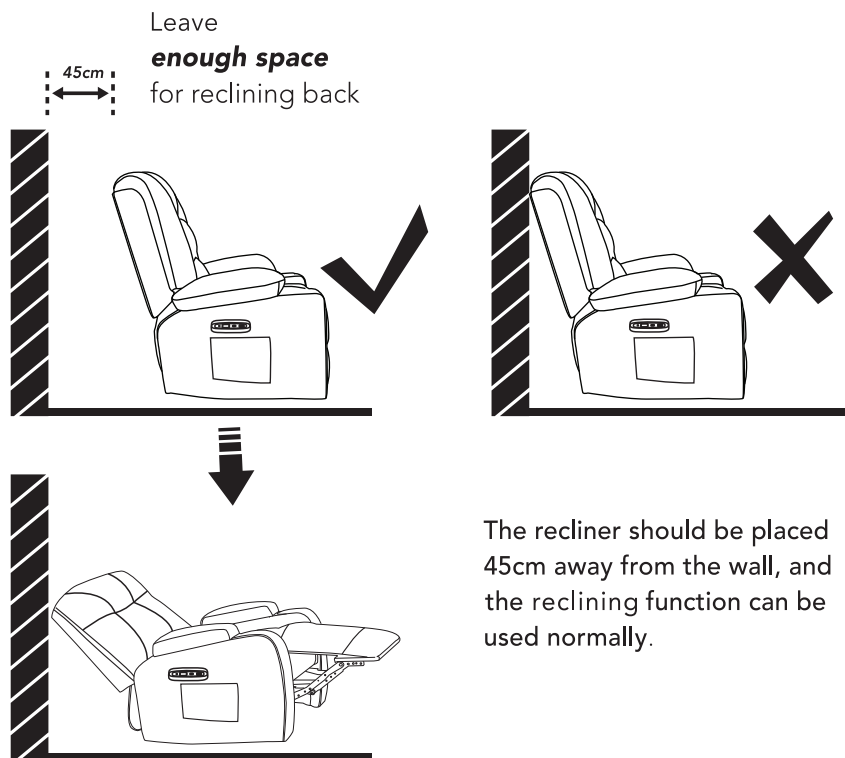

C. Massage operation

INTENSITY: Change intensity (HIGH or LOW) during all modes.

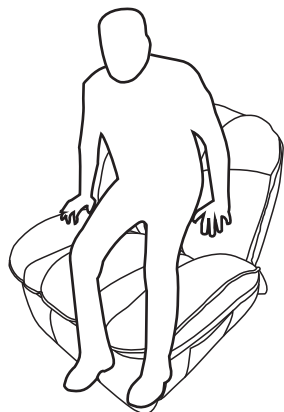

We recommend that the unit be used only for a few minutes initially, to allow your body to get used to the massage sensation. Gradually increase the length of time you use the massage function, over the first few periods of use. Should you experience any adverse reactions, stop using immediately and consult your medical practitioner.
