## 22" ROUND GABLE VENT

The 22" Round Gable Vent is a functional and decorative vent designed to provide unforced free air flow ventilation of attics or similar spaces when used in conjunction with proper soffit ventilation practices. Local ventilation codes apply when installing this unit.

## FEATURES:

- -Easy to install on all types of exteriors.
- -Single unit body construction of vent housing.
- -J-Channel eliminated
- -Double baffles for increased weather resistance.
- -Fully screened for complete insect protection.

-Finish trim ring adjusts for a range of siding thickness.
