

GR254CTS

Grip-Rite Twin Stack Compressor

This compressor is made specifically for the demanding professional. It's tough and durable, just like Grip-Rite fasteners. It features stainless steel reed valves and splash lubrication for longer pump life. Its industrial-grade 2.5 peak horsepower motor will supply plenty of air to keep the busiest roofing and framing crews going all day.

Tough as nails

Features include:

- ✓ Contractor quality/compact design
- ✓ Twin tanks-4.3 Gal. capacity
- ✓ Initial oil fill included
- ✓ Electric, direct drive, oil splash
- ✓ 3400 RPM
- ✓ Industrial-grade motor with ball bearings for greater durability
- ✓ Heavy duty pump with cast-iron cylinder
- ✓ Overload protection with manual reset
- ✓ 12-month limited warranty
