# ASSEMBLY AND INSTALLATION INSTRUCTIONS

**C0320**

**WARNING:** TO AVOID RISK OF ELECTRICAL SHOCK, BE SURE TO SHUT OFF POWER WHILE INSTALLING OR SERVICING THIS FIXTURE.

**NOTE: 1. Before installing, consult local electrical codes for wiring and grounding requirements.**
**2. Read and save this instructions.**

### Hardware Package (included):

Mounting plate Unit (A)    Mounting Screw (B)    Wire Connector (C)    Set Screw (D)

- Outlet Box
- House Ground Wire
- Green Ground Screw
- Mounting Plate Unit (A)
- Mounting Screw (B)
- Wire Connector (C)
- Fixture Ground Wire
- Fixture Wire
- Canopy Kit
- Set Screw (D)

## Installation Steps

**Turn off the power at fuse or circuit box**

1. Unscrew the two set screws (D), remove the mounting plate unit (A) from the canopy kit.

2. Attach mounting plate unit (A) to the outlet box using two mounting screws (B).

3. Pull out the source wires from the outlet box.
   Make wire connections using wire connectors (C) as follows:
   • Connect the hot wire (black insulation) from the fixture to the black wire from the power source.
   • Connect the neutral wire (white insulation) from the fixture to the white wire from the power source.
   • Attach the fixture ground wire (bare wire) to the mounting plate unit (A) with green ground screw, then depending on local code, connect it to the house ground wire with the wire connector (C).
   Carefully put all of the wires back into the outlet box.

4. Attach the canopy kit to the mounting plate unit (A) by using two set screws (D).

5. Adjust the spot light heads to desired position.

**Turn on the power at fuse or circuit box**

## Adjusting the Correlated Color Temperature (CCT) of the Light

Customize the correlated color temperature (CCT) of the LED light by moving the toggle switch (For Reference).

**1-a** — Toggle Switch

**1-b** — Color Temperature —— 3000K-4000K-5000K
Toggle Switch

a. Move the toggle switch to 3000K, the color temperature will be set at Soft White.
b. Move the toggle switch to 4000K, the color temperature will be set at Bright White.
c. Move the toggle switch to 5000K, the color temperature will be set at Daylight.

**Note: Dimming range: 100% full illumination to 10% of full illumination.**
 **This fixture is dimmable with a forward phase electronic dimmer. Dimmers tested to be compatible with this fixture are the Lutron: TGCL-153PH, MACL-153MH, SCL-153P, DVWCL-153PH.**
 **If you are unfamiliar with electrical installations, it is recommended you have a qualified electrician for your installations.**

## The following parts are available for reorder if damaged or missing.

<u>**Spare Parts List:**</u>

Mounting plate Unit (A)    Mounting Screw (B)    Wire Connector (C)    Set Screw (D)

Mounting Hardware
7008MM (1SET)

Glass Shade
10489CR

A: 6-3/4"

B: 23"

C: 6"

## 5 Year Limited Warranty

Vaxcel warrants all of our products against defects in workmanship and finishes for one year following the date of shipment.

In addition:
● Any product with an integrated motion sensor or dusk-to-dawn photocell is supported by a 5-year warranty for the functionality of the product.
● Any product with integrated LED modules is covered by a 5-year warranty on the LED functionality.

*Exclusions: This warranty does not include the failure of products from extreme acts of nature; environmental conditions not suited for the products intended use; operation in temperatures outside of the range specified in the instruction manual; usage with improper power supply, power surges or dips. For coastal locations, some corrosion is considered normal for the environment.*

*Vaxcel reserves the right to repair, replace or issue a credit for any properly installed product, provided it is returned per RMA instruction. This warranty is limited to the cost of the product only and does not extend to transportation, installation or replacement costs.*
