Left Side Frame

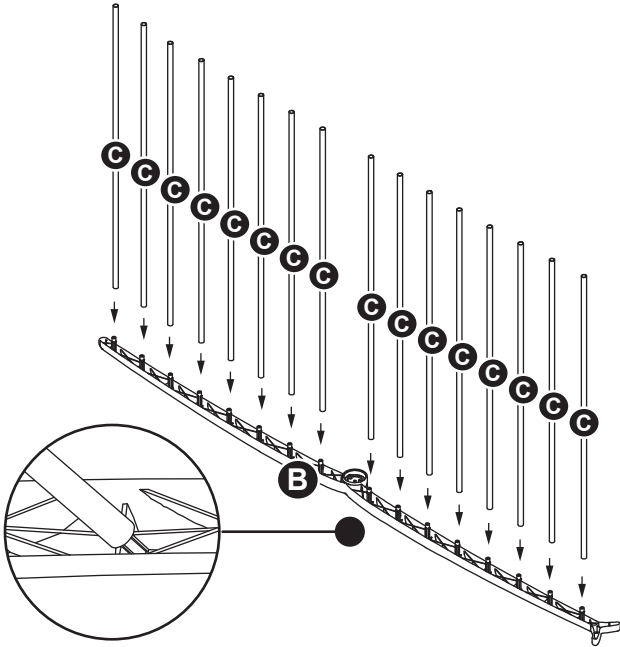

B 1 ea
Right Side Frame

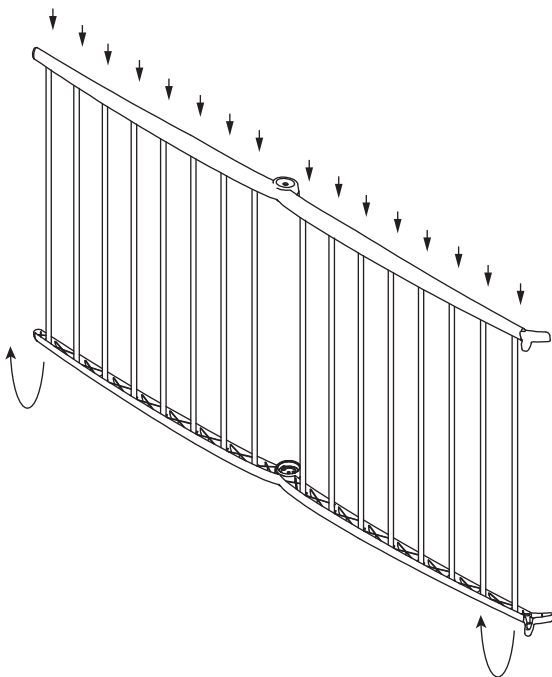

C 16 ea
Horizontal Tubes

STEP 1:

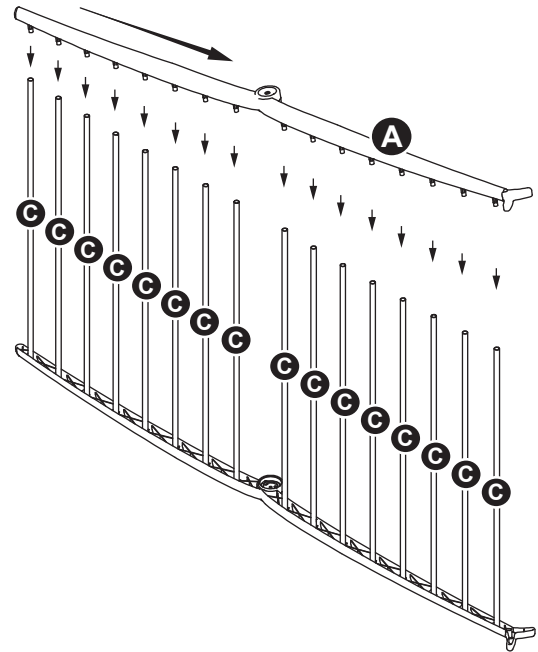

- Using the knobs on each side frame (**A and B**) turn counterclockwise, allowing the dryer to expand. Make sure the frames are all straightened and locked into place.
- Place opened and locked right side frame (**B**) on a flat surface (e.g. floor). Insert horizontal tubes (**C**) into side frame.
- **NOTE:** Firmly press each tube down until you feel a "click" and the tube touches the cross at the base. Please see illustration below.

**STEP 3:**

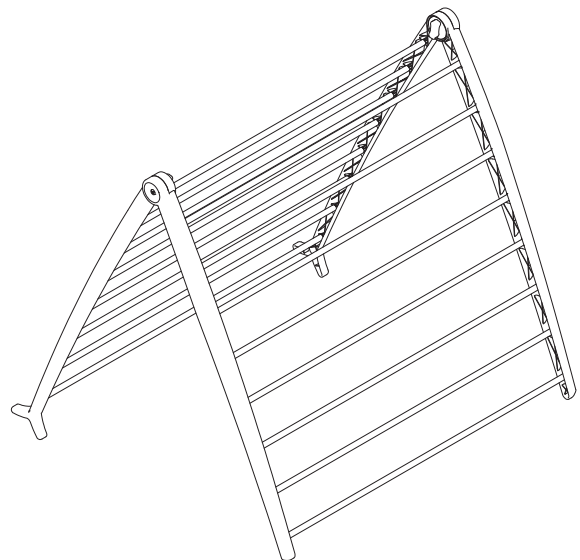

- To ensure that all tubes are fully seated in the frame, firmly press down on the frame.
- Flip and repeat on the opposite side.

**STEP 2:**

- Frame (**A**) must be inserted from one end to another. Place the left-side frame (**A**) on top of the horizontal tubes (**C**) by aligning the horizontal tubes (**C**) one by one into the side frame (**A**). You should feel each tube "click" as you apply pressure to it.

**STEP 4:**

- Turn the knob on each side counterclockwise to allow the dryer to expand and adjust as needed.
- Turn the knob clockwise to lock into place.
