

ALP476-SERIES

Wooden Waste Receptacle

ALP476-BLK

ALP476-MA

ALP476-MEO

ALP476-WHI

If you're in the market for a practical and visually appealing waste management solution, look no further than our exquisite Wooden Waste Receptacles. They're crafted from premium melamine, ensuring it can handle daily wear and tear while being an elegant addition to any room. It is designed to fit a 32-gallon trash bin, making it perfect for high-traffic areas or large gatherings. In addition, your maintenance staff will spend less time emptying out the receptacles since they can accommodate a higher volume of waste. The equipped, sleek swinging door effortlessly conceals the trash bin, leaving your space looking clean and organized and containing unpleasant odors. With its timeless design and superior craftsmanship, our Wooden Waste Receptacles combine form and function perfectly. So don't settle for a mundane trash can; elevate your waste management game with this stylish and practical option. Invest today and experience the beauty and convenience of our receptacle for yourself.
