【Item NO.#6007-5】

To assemble the frames:
Use the double-ended metal tubes to secure the lamp frames to the canopy. The double-ended metal tubes are located in the accessory bag on the back of the canopy.

(Figure 4: Plug and Driver)

Installation Steps:

1. Install the mounting bracket.
2. Remove the protective film from the surface of the light fixture. Avoid using knives or sharp tools to prevent scratching the fixture or damaging the wire insulation.
3. Assemble the square frames fixed to the canopy as shown in Figure 3.
4. Test circuit: Connect the power wires with a temporary wire to test if the light is working properly before installing it to the ceiling.
5. Installation: Install the lamp body to the mounting bracket, and connect the power wires with the connecting terminals.
6. Turn on the power and double-check; the installation is complete.

Warning!

1. Installation should be performed by a professional.
2. Do not install the lighting fixture in damp conditions.
3. This lighting fixture operates with a voltage range of 110V to 265V only.
4. To prevent electric shock, please turn off the power before installing, repairing, or cleaning the light fixture.
5. Keep away from acidic and corrosive materials.

Pull the orange clip up to 90 degrees, insert the wire, then push the clip down to securely clamp the wire.

Installation Instructions for Mounting Bracket

Steps to Install the Mounting Bracket

Step 1: Position the mounting bracket on the ceiling to determine the lighting location, and mark the screw holes using a marker pen.

Step 2: Use an electric drill to drill holes at the marked locations, then insert expansion bolts into the holes using a hammer.

Step 3: Secure the mounting bracket to the expansion bolts using tapping screws (each tapping screw should be accompanied by a flat washer).

Step 4: Assemble the lighting frame using double-ended metal tubes. Test the electrical connections before mounting to the ceiling.

Step 5: Connect the lamp driver to the ceiling power cord, then securely attach the lamp to the mounting bracket using screws.
