## Water Filtration Faucets: Models BF100/BF200/BF300/BF400

### Specifications:

New faucet designs with 3 different finishes to complement any kitchen décor

#### Designs:

- Slake – modern
- Sequoia – traditional

#### Finishes:

- Polished Chrome
- Brushed Nickel
- Antique Bronze

#### Universal Water Filtration LED Replacement Indicator Options:

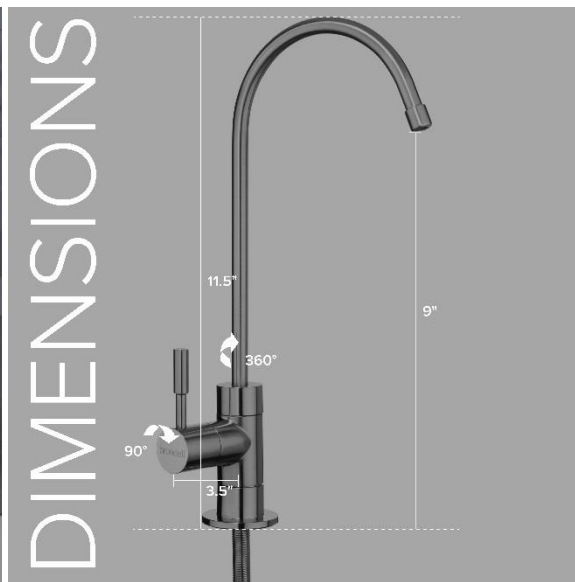

- 6 Months
- 12 Months
- 6 Months Reverse Osmosis
- No Timer

#### Features and benefits:

- LED filter change indicator gently reminds when it's time to replace filters, with timer options compatible with all water filtration systems
- Also available without LED indicator/timer
- Premium lead and BPA free materials ensure that the water remains at its best and safest
- Food-grade drinking water tubing prevents contamination during transfer
- 360 degree swivel spout to easily reach anything in the sink
- High-quality double o-ring seals for leak protection
- Pre-installed ¼" tubing makes installation a breeze
- Can be modified easily to fit threaded connection and compression fitting systems
- 1 year warranty, backed by Brondell's US based Customer Support team
