Easy smart lighting

Let Philips Hue keep an eye on your home for you! Get a crisp, clear 1080p HD live stream, turn on the lights or send an alert to your mobile device when motion or sound is detected, and more. This wireless home security camera is easy to mount and install in any home.

Easy smart lighting

- Get it all with the Philips Hue Bridge
- Monitor your home
- Make it seem like you're home
- Get more security features, such as smart motion detection zones and access to up to 60 days of video history, with a plan. Choose between Basic or Plus, based on your needs.

Highlights

Get it all with the Philips Hue Bridge

A Bridge gives you the full suite of smart home security features: light and sound alarms, the mimic presence automation, and the ability to expand your home security — or smart lighting — setup.

Monitor your home

Receive notifications directly on your mobile device any time your Secure camera detects motion. Create Activity or Package zones to get alerted depending on what triggers the motion, such as a person, animal, vehicle, or package.

Make it seem like you're home

Use your Secure camera with the Mimic presence automation and the two-way talk function to add a layer of security to your home — and get some peace of mind in the process.
