**We recommend using hand tools for assembly.**

If an electric screwdriver is used, reduce power and torque to avoid damage to the product.

## AVOID SCRATCHES

In order to avoid scratching this furniture should be assembled on a soft layer-could be a rug.

## Install the Anti-Tip Straps

Using the anti-tip straps can reduce the risk of tipping over, but can not eliminate it.

**⚠ Caution**

Make sure all parts are included. Most board parts are labeled or stamped on the raw edge. Contact us for a free replacement if you encounter any damaged or missing parts.
