LIFETIME SURFACE & SUBFLOOR
WATERPROOF WARRANTY

Beautifully realistic, seriously waterproof, and totally worry-free!

As a homeowner, you'll love our worry-free laminated wood floors. That's because they look and feel like real wood. But unlike most hardwood, they provide the durability of laminate, have antimicrobial properties built-in to protect the floor with CleanProtect® technology, and are guaranteed waterproof. In fact, our WetProtect® technology — the right kind of waterproof — features protection against spills, splashes and pet accidents. Pergo waterproof floors are the only floors to offer a lifetime waterproof warranty¹ for both the surface and the subfloor. Plus, with an attached pad, these floors are easy to install, saving time and money. They're the perfect choice for any home.

UltraDef® Technology

Our patented technology recreates the look and feel of hardwood for the ultimate in authenticity.

Hi-def printing techniques reproduce color and details with remarkable clarity.

Embossed textures recreate knots, graining, and character marks that look and feel like natural wood.

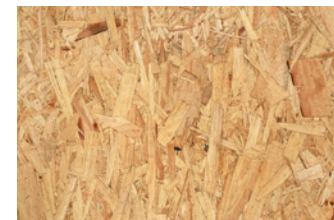

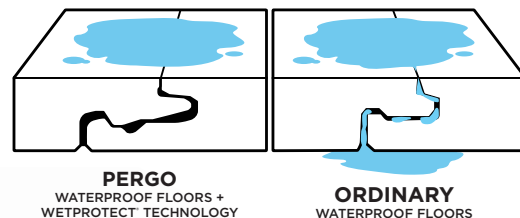

Up to 2X the unique plank designs² create a more natural looking floor.

WATERPROOF + WATERTIGHT WORRY-FREE™

Patented WetProtect® technology offers a waterproof finish and watertight locking joints, which keeps liquids on the surface so they won't seep through to damage the subfloor below. Plus, Pergo offers the only complete waterproof flooring system that comes with a **lifetime surface and subfloor waterproof warranty**.*

WITH WETPROTECT SUBFLOOR PROTECTION
Liquids stay on the surface so they won't seep through to damage the subfloor.

WITHOUT SUBFLOOR PROTECTION
Many waterproof floors only protect the surface of your floor, leaving your subfloor vulnerable to any water that leaks through gaps in the floor causing mold, mildew, or subfloor damage.

* See warranty for complete details.

Pergo works hard
so you can play harder.

Waterproof surface

Finish repels water away from the joints and keeps moisture on the surface, where it can evaporate or be easily cleaned.

Protective overlay

Guaranteed not to wear, fade, or stain. Plus, antimicrobial properties are built in to protect your floor.

Design layer

Hi-def printing techniques reproduce color and details with remarkable clarity.

Premium HDF core board

A core of high-density fiberboard provides stability and dent resistance.

Watertight joints

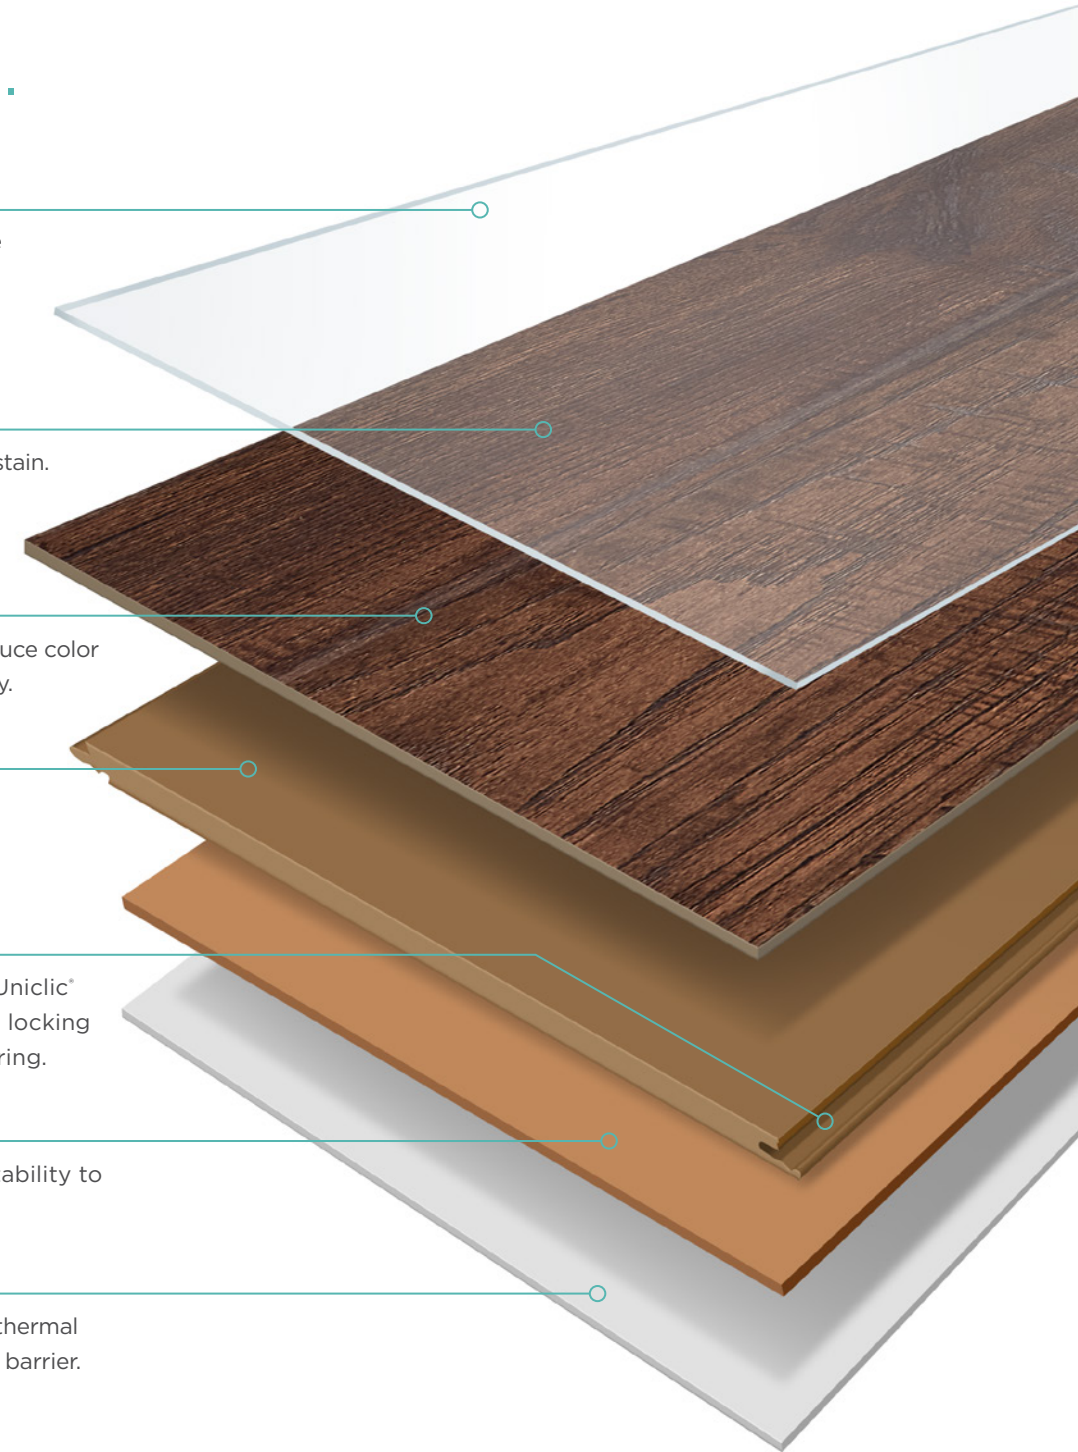

Precision milling and patented Uniclic® technology provide the tightest locking system of any hard surface flooring.

Balancing backing layer

The balancing layer increases stability to prevent bowing or twisting.

Pre-attached underlayment

Premium attached foam pad for thermal insulation, cushioning, and sound barrier.

Easy to install.

Because our Pergo TimberCraft® laminated wood floors are waterproof, you can install them anywhere in your home — including kitchens, baths, mudrooms, laundry rooms — even basements. You'll follow the same basic Pergo installation instructions but with a few added steps. You'll find complete installation instructions in the box and online at [lowes.com](https://www.lowes.com).

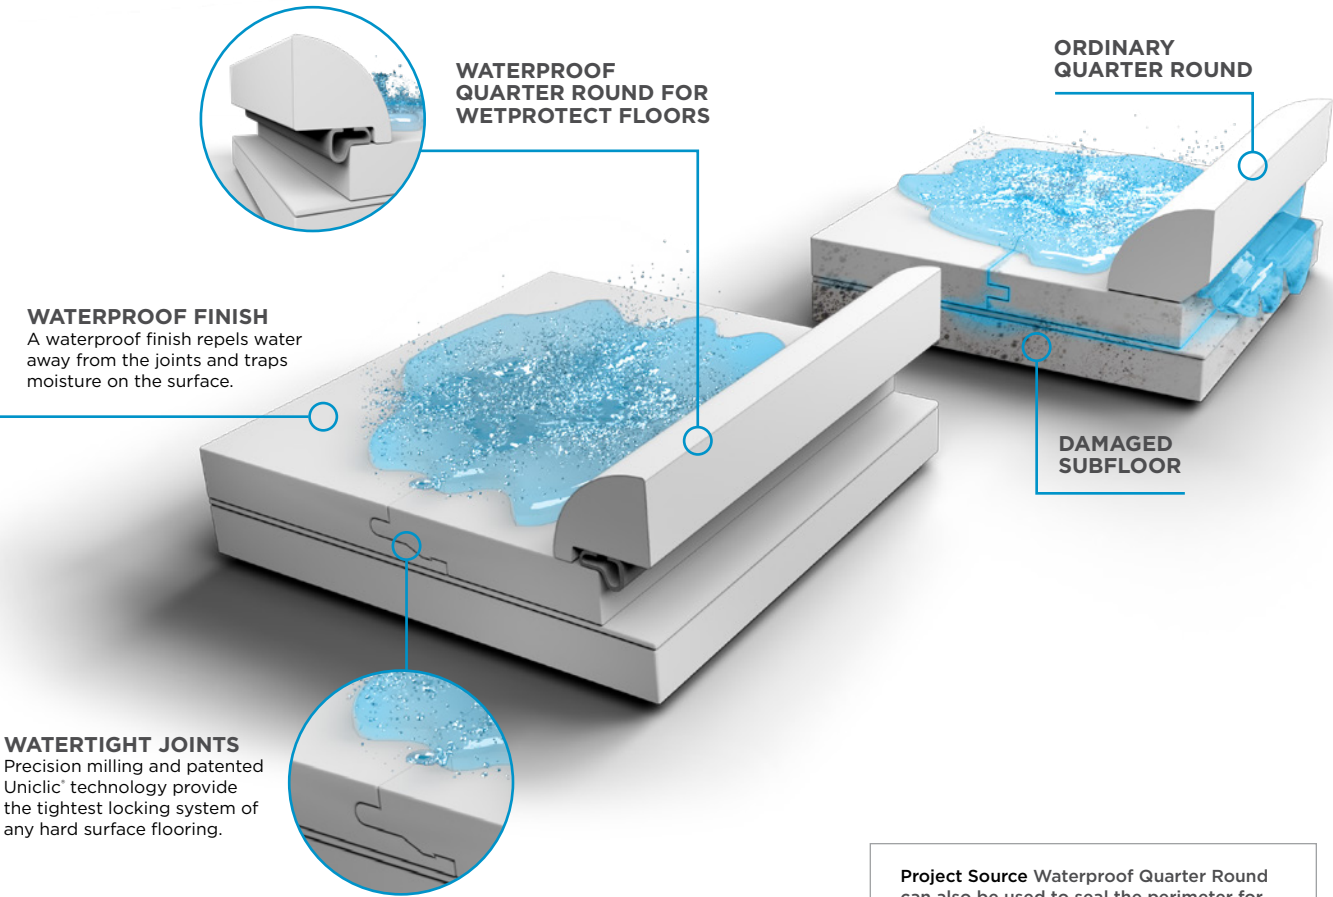

Wall to wall waterproof.

Introducing the new Project Source™ waterproof quarter round for Pergo® floors featuring WetProtect® technology.

This paintable waterproof molding is designed to cover the expansion space between the floor and the wall to provide a waterproof perimeter seal that adds an additional layer of protection for your subfloor.

A woman with blonde hair, wearing a black t-shirt and blue jeans, is standing in a modern kitchen. She is using a black blender to make a smoothie. A spill of smoothie is on the dark wood-look laminate floor in front of her. The kitchen has white cabinets, a marble countertop, and a large island with a marble top. There are three white bar stools at the island. In the background, there is a built-in oven and a window. A teal banner with the Pergo logo and tagline is in the top right corner.

PERGO®
Life goes on it.™

Bring it on. Kids. Pets. Water. Messes. *We don't care.* Our floors are built tough enough to take it all. We're Pergo®. A waterproof laminated wood floor that allows you to have the look of real wood with a durability that's second to none. It's a combination that makes this floor perfect for people who want a beautiful home that's liveable too.
