Walls + ceilings
Do not use on floors

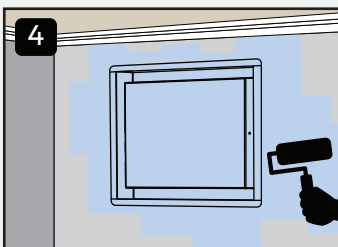

Dry-fit **body** into duct opening.

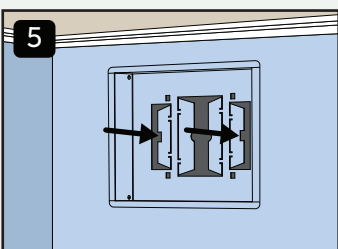

Ensure flange is flat to the wall.
Use provided screws to fasten.

Insert **plate** and slide into
place until secured.

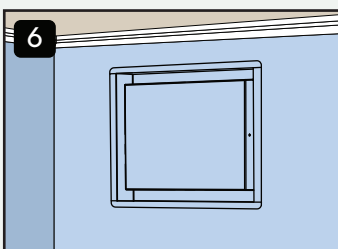

Paint or wallpaper inside of **body** +
plate to match surrounding walls.

To adjust airflow, remove **plate**
and bend dampers. For optimal air
flow, push dampers past 90°.

For **Lite+** and **Lite** versions of this
product, dampers are not included.
Optional dampers are sold

That's it! Fittes to perfection.
