SCRAM for CATS

GRANULAR REPELLENT

EASY TO APPLY INSTRUCTIONS

- 1 Remove existing feces prior to applying. *This is a very important step as it helps by eliminating any existing markings & their scent.
- 2 Before applying, shake/mix repellent thoroughly as settling may have occurred in separating our ingredients.

- 3 Apply by shaking granules in & around the area to be protected.

This product should repel cats immediately & quickly train them to avoid treated areas. If necessary, reapply as needed until the repellent is effective and avoidance is demonstrated.

- 4 Once repelling action is well established, reapply every two or three weeks. Reapply after heavy rainfalls. Do not place on food crops directly. Use as a barrier around plants & gardens.
FOR OUTDOOR USE ONLY.

SCRAM COVERAGE

When used as directed the treated area will cover the square feet listed & give you the desired results! EPIC stands behind all our granular repellents with the industry's best **100% PERFORMANCE GUARANTEE!** For detailed information, visit our website at epicrepellents.com
