The Stardust electric fireplace will quickly turn your room into a cozy conversation space for warm family gatherings. Not only is it packed with heat functions and adjustable flame displays, it also doubles as an entertainment stand with additional storage solutions for your room. The mantel top is long enough to accommodate flat panel TVs up to 55 inches. Four storage compartments are located on both sides of the fireplace insert. These shelves are concealed behind cabinet doors and offer a convenient place to store DVDs and other small items.

The electric insert produces 5,115 BTUs of fan-forced heat that can quickly heat a 210 sq. ft. room. An enchanting flame display dances across the back of the firebox, creating movement that is sure to catch your eye. Embers of light glaze across the logs within, adding highlights throughout the **deep crystal** display. The heat settings can be adjusted at the push of a button, and the flame display functions with or without heat - perfect for use throughout the year.

Fireplace enthusiasts will enjoy the convenience of an electric unit. It's flexible placement allows you to move it from room to room as needed. It will never produce ash or soot, and the **crystals** will never need to be replenished. No need to for professional installation, simply plug it in and enjoy!
