<ul style="list-style-type: none"> Read and understand "SAFETY INSTRUCTIONS" manual shipped with this tool before using tool. 	<ul style="list-style-type: none"> Antes de usar la herramienta lea y comprenda el manual "INSTRUCCIONES DE SEGURIDAD" despachado con ella. 	<ul style="list-style-type: none"> Lisez et assimilez le manuel "INSTRUCTIONS DE SÉCURITÉ" livré avec cet outil avant de l'utiliser.
<ul style="list-style-type: none"> To prevent eye injuries, always wear OSHA-required "Z87.1" safety glasses with permanently attached, rigid, hard plastic side shields. These safety glasses must have "Z87.1" printed or stamped on them. Be sure everyone in your work area is wearing the same type of safety glasses. 	<ul style="list-style-type: none"> Para prevenir lesiones en los ojos, use siempre los anteojos de seguridad "Z87.1" requeridos por OSHA con escudos laterales rígidos de plástico duro y adheridos permanentemente. Estos anteojos de seguridad deben tener "Z87.1" marcado o impreso en ellos. Asegúrese que toda persona dentro de su área de trabajo use el mismo tipo de anteojos 	<ul style="list-style-type: none"> Afin de protéger vos yeux contre les blessures, portez toujours des lunettes de sécurité OSHA "Z87.1" avec caches latéraux en plastique rigide. La mention "Z87.1" doit être imprimée ou poinçonnée sur ces lunettes de sécurité. Assurez-vous que toute personne se trouvant près du secteur de travail porte des lunettes de sûreté.
<ul style="list-style-type: none"> Keep tool pointed away from yourself and others and connect air to tool. 	<ul style="list-style-type: none"> Mantenga la herramienta apuntando en dirección opuesta de usted y de otros y conecte el aire a la manguera. 	<ul style="list-style-type: none"> Maintenez l'outil pointé à l'écart d'autres personnes et de vous-même et raccordez l'air à l'outil.

Tool Use		
English	Español	Français
	<ul style="list-style-type: none"> Never use a tool that leaks air or needs repair. 	<ul style="list-style-type: none"> Nunca use una herramienta que tenga escapes de aire o que necesite ser reparada.
	<ul style="list-style-type: none"> To Load: Insert strip of nails into rear of magazine. For optimum performance use genuine Senco fasteners. Do not load with work-piece contact (safety element) or trigger depressed. 	<ul style="list-style-type: none"> Para cargar: Inserte la tira de clavos en la parte trasera del cargador. Para lograr óptimo rendimiento use sujetadores Senco genuinos. No cargue con el gatillo o elemento de seguridad (seguro) de la pieza de trabajo oprimido.
	<ul style="list-style-type: none"> Pull feeder shoe back. 	<ul style="list-style-type: none"> Tire la zapata del alimentador.
DOES NOT APPLY TO TOOLS SOLD IN NEW ZEALAND		
Sequential Firing Position 	<ul style="list-style-type: none"> This tool is equipped with a firing mode selection switch. To adjust the firing mode selection switch, first remove finger from trigger and disconnect the air supply. <p>The down position is the Sequential (restrictive) firing mode, to change to the Contact-Actuation (Dual-Action) mode press the button in the center of the switch and slide upward and release.</p>	<ul style="list-style-type: none"> Esta herramienta está provista de un selector de modo de disparo. Para ajustar dicho selector, primero tiene que quitar su dedo del gatillo y desconectar el suministro de aire. <p>La posición abajo es el modo de disparo secuencial (restrictivo), para cambiar al modo de activación por contacto (doble acción) oprima el botón en el centro del selector, deslícelo hacia arriba y suéltelo.</p>
Contact Actuation Firing Position 	<ul style="list-style-type: none"> With a Contact Actuation (Dual-Action) trigger mode, nails can be driven two ways: <ol style="list-style-type: none"> Position workpiece contact (safety element) against work surface and pull trigger... "Trigger Fire." Pull trigger and push workpiece contact against work surface. Each time the work-piece contact is pushed against the work surface a nail will be driven. This "bottom-fire" mode of operation is preferred when high production, rapid fastener placement is desired. 	<ul style="list-style-type: none"> Las herramientas con gatillo de acción doble pueden ser disparadas de dos maneras: <ol style="list-style-type: none"> Oprima el seguro contra la superficie de trabajo y apriete el gatillo... Disparo de gatillo. Para impulsar un clavo, oprima el disparador y deprima el elemento de seguridad contra la superficie de trabajo. Cada vez que deprima el elemento de seguridad contra la superficie de trabajo, impulsará un clavo. Este modo de operación de "disparo inferior" o "por rebote" es el preferido cuando se desea alta productividad y rápida colocación del clavo.
		

Tool Use	Uso de la Herramienta	Utilisation de l'Outil
English	Español	Français
	<ul style="list-style-type: none"> With a Single Sequential (Restrictive) trigger mode, nails can only be driven one way. First depress workpiece contact (safety element) against work surface then pull trigger. This feature is helpful when precise fastener placement is required. Read the "Customer Satisfaction and Safety Reminder" (CSSR) in the tool and fastener boxes for safety information regarding the Contact-Actuation and Sequential trigger modes. Under certain conditions, the Sequential trigger mode may reduce the possibility of injury to you or to others working with you. 	<ul style="list-style-type: none"> Las herramientas con "Gatillo Restringido" solamente se pueden disparar con el gatillo. 1) Primero presione el elemento de seguridad contra la superficie de trabajo y 2) después apriete el gatillo. Esta característica es útil cuando se requiere precisión en la colocación de los sujetadores. Lea el "Recordatorio de Seguridad y Satisfacción del Cliente" (CSSR) en las cajas de sujetadores y de las herramientas para información sobre seguridad de los Gatillos Restringido y de Acción Dual. Bajo ciertas condiciones, el Gatillo Restringido puede reducir la posibilidad de heridas a su persona o a otros que trabajen con usted.
	<ul style="list-style-type: none"> To adjust the depth the fastener is driven, first disconnect the air supply. Using your thumb or index finger, rotate wheel to adjust the Depth Control safety element to achieve desired depth. 	<ul style="list-style-type: none"> Para ajustar la profundidad de sujetador, dede primero desconectar el aire. Usando el dedo pulgar o el dedo indice, rote la manivela para ajustar el seguro a la profundidad deseada.
	<ul style="list-style-type: none"> Should a nail jam occur, disconnect air supply. 	<ul style="list-style-type: none"> Si se produce un altascamiento de un clavo, desconecte el suministro de aire.
	<ul style="list-style-type: none"> Release the feeder shoe and slide it forward. Remove fasteners from the tool. 	<ul style="list-style-type: none"> Suelte el alimentador y deslícelo hacia adelante. Retire los sujetadores de la herramienta. Relâcher le poussoir et le faire glisser vers l'avant. Enlever les projectiles.

Tool Use Uso de la Herramienta Utilisation de l'Outil

English

Español

Français

- Remove the screws and remove the magazine.

- Clear jammed fastener from guide body.
Reattach the magazine and fasten magazine mounting screws.

- Retire los tornillos y extraiga el cargador.

- Enlevez les vis et sortez le magasin.

- Connect air supply and replace fasteners. Pull feedershoe back.

- Conecte la línea de aire y reemplace los clavos. Tire la zapata del alimentador.

- Reconnectez la conduite d'air comprimé et rechargez le magasin. Tirez le poussoir en arrière.

This tool is equipped with a lock-out feature. When approximately 5 nails (depending on nail size) remain in the magazine, the workpiece contact (safety element) will be locked in the undepressed position until more nails are loaded into the magazine and the feedershoe is pulled back.

Esta herramienta está provista de una función de bloqueo. Cuando quedan aproximadamente cinco clavos (según el tamaño de clavo) en el cargador, el elemento de seguridad (seguro) quedará bloqueado en la posición soltada (sin oprimir) hasta que se carguen más clavos en el cargador y se jale hacia atrás la zapata del alimentador.

Cet outil est équipé d'un dispositif de verrouillage. Quand environ cinq clous (variable selon la taille des clous) restent dans le magasin, le contact avec la pièce travaillée (élément de sécurité) sera verrouillé en position non appuyé jusqu'à ce que plus de clous soient chargés dans le magasin et que le poussoir soit tiré en arrière.

Maintenance

Français

- Read and understand "SAFETY INSTRUCTIONS" manual shipped with this tool before using tool.

- Antes de usar la herramienta lea y comprenda el manual "INSTRUCCIONES DE SEGURIDAD" despachado con ella.

- Lisez et assimilez le manuel "INSTRUCTIONS DE SÉCURITÉ" livré avec cet outil avant de l'utiliser.

- All screws should be kept tight. Loose screws result in unsafe operation and parts breakage.

- Todos los tornillos tienen que mantenerse apretados. Los tornillos sueltos pueden producir una operación no segura y quebraduras de partes.

- Toutes les vis doivent être maintenues serrées à fond. Les vis desserrées entraînent un manque de sûreté du fonctionnement et la rupture de pièces.

- With tool disconnected, make daily inspection to assure free movement of the workpiece contact (safety element) and trigger. Do not use tool if safety element or trigger sticks or binds.

- Con la herramienta desconectada, haga inspecciones diarias para asegurar el movimiento libre del seguro y del gatillo. No use la herramienta si el seguro o el gatillo se atoran.

- L'outil étant séparé de l'alimentation en air, effectuez une inspection journalière pour assurer le libre mouvement du palpeur de sécurité et de la détente. N'utilisez pas l'outil si le palpeur de sécurité ou la détente colle ou se coince.

- Squirt Senco pneumatic oil into the air inlet twice daily (5 to 10 drops, depending on frequency of tool use). Other oils may damage O-rings and other tool parts.

- Aplique aceite neumático SENO en la entrada de aire dos veces al día (dependiendo en la frecuencia de uso 5 A 10 Gotas). Otros aceites pueden dañar los anillos en "O" y otras piezas de la herramienta.

- Avec une burette, placer 5 à 10 gouttes d'huile pneumatique dans l'arrivée d'air deux fois par jour (dépend de l'intensité de l'utilisation de l'appareil). D'autres huiles pourraient endommager les joints toriques et d'autres pièces de l'outil.

- Wipe tool clean daily and inspect for wear. Use non-flammable cleaning solutions only if necessary—DO NOT SOAK.
Caution: Such solutions may damage O-rings and other tool parts.

- Solamente si es necesario use soluciones para limpieza no flamables -NO LA REMOJE. Precaución: Tales soluciones pueden dañar los empaques y otras partes de la herramienta.

- Nettoyez l'outil chaque jour à l'aide d'un chiffon et inspectez-le pour déceler une éventuelle usure. Utilisez uniquement des solvants non inflammables en cas de nécessité-NE LE FAITES PAS TREMPER !
Attention : De tels produits peuvent endommager les joints et autres pièces de l'appareil.

Limited Warranty
SENUCO® Pneumatic, DuraSpin®, Cordless Tools
& Compressors

Senco Products, Inc. ("SENUCO") designs and constructs its products using the highest standards of material and workmanship. SENUCO warrants to the original retail purchaser that the following products will be free from defects in material or workmanship for the warranty period specified below:

SENUCO® XP Series-Red Cap Five years	SENUCO PRO Series One year	SENUCO Compressors One year	SENUCO PC1194 Flooring Jack One year
SENUCO® XP Series-Black Cap Two Years	SENUCO DuraSpin® One year	SENUCO Cordless Two years	Hand Nailers One Year
SENUCO FP502 Two Years	SENUCO Reconditioned Products One Year	Gas Cordless Two Years	

During the warranty period (which begins on the purchase date), SENUCO will repair or replace, at SENUCO's option and expense, any product or part that is defective in materials or workmanship after examination by a SENUCO Authorized Warranty Service Center, subject to the exceptions, exclusions and limitations described below. Any replacement product or part will carry a warranty for the balance of the warranty period applicable to the replaced product or part. A DATED SALES RECEIPT OR PROOF OF PURCHASE FROM THE ORIGINAL RETAIL PURCHASER IS REQUIRED TO MAKE A WARRANTY CLAIM. Product registration can be accomplished through on-line Product Registration at www.senco.com or by completing and returning the postage paid product registration form included with your Operator's manual/parts chart information, found inside the product carton. To make a warranty claim, you must return the product, with proper receipt/proof of purchase and return transportation charges prepaid, to a SENUCO Authorized Warranty Service Center. A list of SENUCO Authorized Warranty Service Centers can be found at www.senco.com or by calling 1-800-543-4596 toll free. SENUCO will perform its obligations under this warranty, within a reasonable time after approval of the warranty claim.

Wheelbarrow Compressors:

1. Subject to the exceptions, exclusions and limitations described below, SENUCO warrants that the compressor pump will be free from defects in materials and workmanship for two years after the purchase date.
2. Defective parts of the compressor pump not subject to normal wear and tear will be repaired or replaced, at SENUCO's option, during the two year warranty period. If SENUCO determines that repair or replacement is not feasible, SENUCO will refund the purchase price less reasonable depreciation based on actual use.

SENUCO Cordless:

1. Subject to the exceptions, exclusions and limitations described below, SENUCO warrants that the SENUCO Cordless tool will be free from defects in materials and workmanship for two years after the purchase date.
2. Subject to the exceptions, exclusions and limitations described below, SENUCO warrants that the batteries and chargers used with SENUCO Cordless tools will be free from defects in material and workmanship for one year after the purchase date.

WARRANTY EXCLUSIONS

The following warranty exclusions apply:

1. Normal wear parts are not covered under this warranty. Normal wear parts include, for example, isolators, drive belts, air filters, rubber o-rings, seals, driver blades, piston stops, piston/driver assembly, and fuel stems.
2. This warranty does not cover parts damaged due to normal wear, misapplication, misuse, accidents, operation at other than recommended speeds or voltage (electric units only), improper storage, or damage resulting during shipping.
3. Products used in production/industrial applications as defined by SENUCO are excluded from this warranty.
4. Labor charges or loss or damage resulting from improper operation, maintenance or repairs are not covered by this warranty.
5. SENUCO does not warrant the Wheelbarrow Compressor Engine/Motor, but the Compressor Engine/Motor may be covered under a warranty offered by its manufacturer.

GENERAL WARRANTY CONDITIONS

This warranty will be honored, only if:

- A. Clean, dry, regulated compressed air has been used, at air pressure not exceeding the maximum indicated on the tool casting;
- B. No evidence of abuse, abnormal conditions, accident, neglect, misuse or improper modifications or storage of the product; and
- C. No Deviation from operating instructions, specifications, and maintenance schedules exists (read Operator Manual for use, specifications, and maintenance instructions).

THIS WARRANTY IS THE ONLY WARRANTY ON THE PRODUCT, AND SENUCO DISCLAIMS ALL OTHER WARRANTIES. ANY IMPLIED WARRANTIES WILL BE LIMITED IN DURATION TO THE APPLICABLE WARRANTY PERIOD SPECIFIED ABOVE. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. YOUR REMEDIES ARE SOLELY AND EXCLUSIVELY AS STATED ABOVE. SENUCO SHALL IN NO EVENT BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL, INDIRECT, OR SPECIAL DAMAGES. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. IN NO EVENT, WHETHER AS A RESULT OF A BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, SHALL SENUCO'S LIABILITY EXCEED THE PRICE OF THE PRODUCT WHICH HAS GIVEN RISE TO THE CLAIM OR LIABILITY. ANY LIABILITY CONNECTED WITH THE USE OF THIS PRODUCT SHALL TERMINATE UPON THE EXPIRATION OF THE WARRANTY PERIOD SPECIFIED ABOVE. NO EMPLOYEE OR REPRESENTATIVE OF SENUCO OR ANY DISTRIBUTOR OR DEALER IS AUTHORIZED TO MAKE ANY CHANGE OR MODIFICATION TO THIS WARRANTY.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

REPLACEMENT OF TOOL DUE TO NATURAL DISASTER

SENUCO will replace any tool destroyed by an Act of God such as flood, earthquake, hurricane or other disaster resulting only from the forces of nature. Such a claim will be honored provided that such original retail purchaser had previously submitted a completed warranty registration card for the tool, and then submits proof of ownership and an acceptable statement describing such Act of God documented by an insurance carrier, police department, or other official governmental source. To obtain instructions for filing a claim call 1-800-543-4596.

CUSTOMER SATISFACTION

One hundred percent customer satisfaction is our #1 goal. If for any reason the product does not perform to the original purchaser's satisfaction, it can be returned to the place of purchase **within thirty days** with dated sales receipt for a full refund of the purchase price.

NOTES:
