IMPORTANT - PLEASE READ CAREFULLY

To protect your furniture, we suggest the following :

- Read the assembly instructions carefully and ensure all components and hardware are present.
- Pay close attention to all the components needed for the step, particularly the ones that are identical (e.g., Left-Right).
- Please make sure you have enough space and people to assemble the product securely.
- To minimize needless product movement once constructed, all components are assembled as close to their intended use as feasible.
- To avoid damaging the product during assembly, please avoid using power tools and over-tightening any fittings.

To protect your furniture, we suggest the following :

- Do not place furniture directly under windows.
- Avoid placing your furniture in direct sunlight.
- Avoid putting knives, forks, and other sharp objects straight onto your furniture as they could scratch and harm the finish.
- To clean your furniture, use an absorbent cloth that is soft, dry, and free of lint. Avoid using detergents since they could include substances that react and harm the finish.
- Clean up spills quickly. Water left over a prolonged period of time may cause damage. Alcohol, perfume, nail polishes, aftershave and some medication may cause severe finish damage if not cleaned immediately.
