Thank you for lighting up another coordinate of our product on the map. We are committed to creating high-quality home living, making every household filled with warmth and comfort.

WARNING!

If furniture is tipped over, it may cause serious injury or even death. To prevent tip-over of this furniture, be sure to use it with the wall attachment devices provided. Use the appropriate screws and plugs for your wall.

If the supplied wall attachment devices do not match the walls in your home, consult your local professional to use screws and plugs that fit your walls. Please read and follow each step in the instructions carefully.

Please pay attention to the iron corner protectors and cabinet parts inside the package. If the iron corner guard is damaged, you can just discard it; if you find any broken or damaged cabinet parts, please contact customer service

immediately for replacement. Sharp edges of metal parts can cause serious injury.

Sx5

2

STEP 10 Install the doors.

1. First to insert Y (you may need to add 1-2 gaskets) into the holes on bottom frame bar,
2. Then press down the top hinge spring to put the I(L)&I(R) in.
3. Put X into the panels.
4. Install the Z2.

If you can't find the top hinge spring, it may have been pressed into the door frame. Simply use a screwdriver to gently pry it out.

STEP11 Install the Expansion screws.

The cabinet can be fixed to the wall as needed.

V x2

1. Drill holes on the wall

2. Insert V

3. Fasten the screw from cabinet
