

Haier®

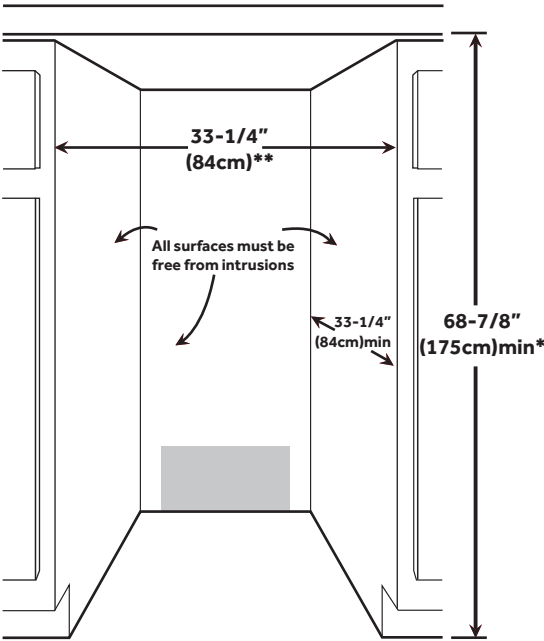

Top Mount Refrigerator

PRODUCT MODEL NUMBERS

HT21TS80SP

Electrical: A 115 Volt, 60 Hz., AC only 15 amp fused, grounded electrical supply is required. It is recommended that a separate circuit serving only your refrigerator be provided. Use an outlet that cannot be turned off by a switch. Do not use an extension cord.

CABINET OPENING DIMENSIONS

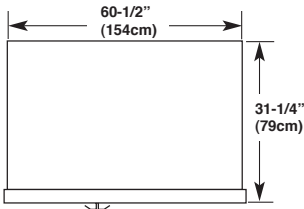

Shaded area of cabinet is suggested for power supply cord

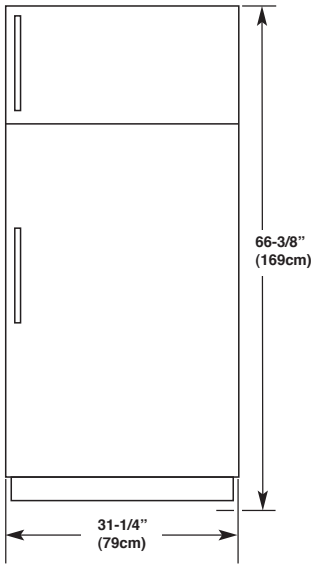

NOTE: Flooring under refrigerator must be at same level as the room. Cabinet opening width above accounts for door open at 90 degrees. Cabinet opening depth above accounts for face of door being flush with surrounding cabinetry. All dimensions above account for air flow spacing requirements around the unit and added height when leveling legs are fully extended.
