ABOUT JELD-WEN

DEDICATION FROM DAY ONE

Since 1960, when JELD-WEN began with one millwork plant, we've been dedicated to crafting windows and doors that enhance the beauty and functionality of your home. Today, we continue that tradition with innovation, engineering high-quality products that are durable and well-designed.

In addition to responsible reforestation practices, we reuse and recycle as much of our raw resources as possible. Innovation is also at the heart of our manufacturing process. With JELD-WEN, you can expect products that are more than just beautiful on the outside. The inner workings of our windows and doors are engineered to function for years to come.

FARMHOUSE

RUSTIC CHARM MEETS MODERN SIMPLICITY

Modern farmhouses are a blend of old and new. Warm, natural wood tones with various panel sizes add detail and character while white interior doors add subtle interest. Blend living spaces with doors that seamlessly fit into the interior décor or mark the spot of a transition with beautifully stained wood species and an arch top that's elegant yet rustic. Matte black or brushed hardware adds the final touch to expertly crafted doors that suit any Farmhouse style home.

COASTAL

A RELAXED VIBE WITH A SENSE OF PLAY

Coastal style homes inspire a sense of relaxation. Neutral colors with driftwood elements and smooth textures help create a space that evokes the sense of easy living. The flat panels create a smooth surface that can accommodate a wide range of hardware styles. Coastal style interior doors also feature various panel sizes, ocean-inspired shades of blue, and textured or clear glass inserts to create an interior that's open, bright, and reminiscent of days spent by the sea.

UPDATED TRADITIONAL

A REFRESHED TAKE
ON TIMELESS TRADITION

Updated Traditional styles feature classic and timeless elements with a modern twist that embodies refined elegance. Dark natural colors and wood tones create warmth, while raised panel options and eyebrow arches add visual interest. This interior door collection features doors that stand out and can be the focal point of any space.

DESIGNGLIDE™

ALL YOU NEED TO CREATE A BARN DOOR

DesignGlide™ transforms standard-sized doors into barn doors. Our unique hardware is much more than functional; it adds a distinct modern or traditional touch to your barn door. The soft-close technology also keeps the door from slamming shut. Doors close just like your kitchen drawers — softly, quietly, and smoothly. With DesignGlide™, you can do it yourself, without reframing or buying custom solutions.

SIZING

- 72" track fits 36" x 80" x 1-3/8" doors up to 120 pounds
- 84" track fits 42" x 80" x 1-3/8" doors up to 120 pounds

DESIGNGLIDE™ KIT

All fastening hardware included.

Door slab not included. Matte Black kit shown above. Kits also available in Satin Nickel and Antique Bronze.

EVELIN™

REIMAGINE YOUR SPACES WITH THE EVELIN™ DIY DESIGNER DOOR KIT

EVELIN™ DIY Designer Door Kits were created for the homeowner who wants designer style and a custom look without the need to hire a pro. This collection of on-trend door designs and sleek hardware options was curated in collaboration with industry experts. With EVELIN™, you can confidently create a statement door that elevates your interior design and speaks to your style.

EVELIN™ IS IDEAL FOR...

- Intermediate-level DIYers
- Homeowners looking to replace an existing interior door with something more stylish
- Pantry, laundry room, bathroom, and home office applications
