Warranty	2 Years

Package List

1 x Bulb Socket
1 x Lampshade
1 x Screw Washer
1 x Pack of Hardware
1 x LED Light bulb

Cautions

1. Carefully unpack the light fixture and sort out all the parts in a clear space. Do not lose the small parts for installation.
2. Protective gloves are recommended for installation to avoid fingerprints on the light fixture, and protect hands from being hurt.
3. Unplug or Power Off the light when screwing on the light bulb or changing the light bulb.
4. Do not stare at the bulb directly for a long time or touch it when it is power-on.

Installation Steps (A-D Accordingly)

1. Secure the bracket onto the junction box by the screws. But if there is no junction box, you need to drill 2 x 6MM holes on the wall and then insert anchors and finally secure the bracket onto the anchors by the screw bolts.
2. Hardwired Way – Use the orange wire connectors to connect the 'L' wire to the Black (Live) Wire, 'N' wire to the White Wire and the Bare Copper Wire to the Ground Wire.
3. Use the original screw nuts to secure the canopy. You can adjust the extended height of the screw bolts on the bracket if they extend out the canopy too long or too short.
4. Assemble the lampshade with the light base by tightening the black screw washer, finally screw up a light bulb and complete.

WARNING

Never attempt any work without shutting of the electricity.
We recommend to installed it by a qualified electrician if you don't understand the instruction.

Normal Trouble Shooting

Q: My lamp does not work when I first use, what can I do?

A: Please check whether the lamp is really powered on and the switch is on. Please make sure the light bulb you are using is the good one. Please check whether the copper pieces inside the bulb socket contacts well with your bulb.

None of these 3 steps? Just feel free to contact us for a replacement.

Q: My lamp misses parts / is defective / has broken parts, what can I do?

A: Please contact us directly. We have spare parts in US warehouse. Necessary parts or a whole replacement will be shipped in 24 hours as soon as we being noticed.
