

FEATURES & BENEFITS

✔ 1-YEAR PARTS & LABOR WARRANTY

- **Five-burner radiant cooktop** offers versatile heating options, featuring two dual-size elements (12"/9" and 9"/6") delivering up to 3000W of power per each dual element (1500W per each individual element) for rapid boiling and precise simmering, along with three 1200W single elements that provide consistent, reliable heat for everyday cooking.
- **A generous 6.3 cu. ft. convection oven** utilizes a high-performance fan to distribute heat evenly throughout the cavity, eliminating cold spots and ensuring faster, more uniform cooking at lower temperatures—perfect for baking, roasting, and preparing large family or holiday meals.
- **True convection oven** delivers superior, even cooking by using a third heating element and high-speed fan to circulate hot air uniformly throughout the cavity, reducing cook times and ensuring perfectly browned, consistent results every time.
- **Standard clean oven features** a smooth, rounded interior design that minimizes buildup and makes wiping away spills and splatters fast and effortless.
- **Six versatile cooking functions** - Bake, Convection Bake, Convection Roast, Pizza, Warm, and Broil—offer flexibility to prepare a wide range of dishes with precision and ease.
