

*VanZyverden's*  
WISTERIA AMETHYST FALLS 4" POTTED ROCKETLINERS®

Rocketliners® are sized, shaped and rooted throughout the pot with strong and responsive roots. Gardeners can expect a healthy finished plant within a single growing season. They have greater fresh root mass and vertical root training which promotes faster finishing times. While it can often take up to 3 years for a shrub or vine to become fully established growing from bareroot, Rocketliners® may only take 12 months, saving you up to 2 seasons of waiting time. Rocketliners® are for gardeners that have busy lives, little time to waste and want to start out with the best planting stock.

*What matters most in young plants is  
what is below the soil line in the pot,  
not the branches above*

*Less aggressive native wisteria*

*Shrubs are the cornerstone  
of landscapes*

*About This Variety:* Wisteria Amethyst Falls ( Wisteria frutescens 'Amethyst Falls') is a good choice for smaller spaces as its rate of growth is much slower than the typical Asian wisterias. Blooms on young wood in its first year and is fragrant. Very adaptable throughout the garden and/or on the patio in a large container. A North American native selection.

*Growing Instructions:* Dig a hole two times the width of the liner pot. Set top of root ball even with ground level. Combine planting mix and garden soil. Fill to ground level and tamp down firmly. Water to settle soil. Add layer of mulch to retain moisture and discourage weeds. Water regularly for the first year, then as needed once established. Feed with a quality fertilizer following application and frequency instructions, typically just before and during the bloom season.

*Care Tip:* Can even be used as a ground cover. Under plant it with other shrubs and/or evergreens like Hydrangea and Butterfly bush. More often trained to grow up trellises and structures.

*Blooms:* Spring to summer

*Exposure:* Full sun

*Height:* Grow 8-30' tall

*Spacing:* Plant 8-30' apart, setting root ball even with ground level

*USDA Zones:* Hardy in USDA zones 5-9

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
